**Subject index****A**

**Abscess**  
Epidermotropic primary neuroendocrine (Merkel cell) carcinoma of the skin with Pautrier-like microabscesses (Rocamora et al). 1987;16:1163-8  
**Nodular subcutaneous abscesses caused by *Candida tropicalis*** (Benson et al) (Letter). 1987;16:623-4  
Skin abscesses caused by *Candida albicans* in heroin abusers (Podzamczer et al) (Letter). 1987;16:386-7  
**Abuse, drug**  
Skin abscesses caused by *Candida albicans* in heroin abusers (Podzamczer et al) (Letter). 1987;16:386-7  
**Academic dermatology**  
On bringing up academic dermatologists (Weigand). 1987;16:129 (Editorial)  
**Acanthomas**  
Multiple clear cell acanthomas (Baden et al). 1987;16:1075-8  
**Acanthosis palmaris**  
Acanthosis palmaris in a patient with bullous pemphigoid (Razack et al). 1987;16:217-9  
**Accutane**  
Accutane and pregnancy prevention (Yoder) (Letter). 1987;16:140-1

January, part 1, pp. 1-166; January, part 2, pp. 167-266; February, part 1, pp. 267-430; February, part 2, pp. 431-484; March, part 1, pp. 485-646; March, part 2, pp. 647-750; April, pp. 751-906; May, part 1, pp. 907-1074; May, part 2, pp. 1075-1128; June, pp. 1129-1320.

**Acne**

Acne vulgaris (Shalita et al). 1987;16:410-2 (Periodic synopsis)  
Dermatologic therapy: December 1985 to December 1986 (Coskey). 1987;16:1219-25 (Therapy)  
Erythromycin 2% gel in comparison with clindamycin phosphate 1% solution in acne vulgaris (Leyden et al). 1987;16:822-7  
Etretinate for keratin disorders and isotretinoin for acne and not the other way around (Moncada) (Letter); (Mehregan) (Letter reply); (Nguyen and Greer) (Letter reply). 1987;16:622-3  
Evolution of a strategy for the treatment of acne (Cunliffe). 1987;16:591-9 (Therapy)  
Necrotizing lymphocytic folliculitis: the early lesion of acne necrotica (varioliformis) (Kossard et al). 1987;16:1007-14  
**Acquired immunodeficiency syndrome**  
Acquired ichthyosis in a patient with acquired immunodeficiency syndrome and Kaposi's sarcoma (Young and Steinman) (Letter). 1987;16:395-6  
Complex viral and fungal skin lesions of patients with acquired immunodeficiency syndrome (Gretzula and Penneys). 1987;16:1151-4  
Cutaneous botryomycosis in a patient with acquired immunodeficiency syndrome (Patterson et al). 1987;16:238-42  
Dermatologic findings and manifestations of acquired immunodeficiency syndrome (AIDS) (Kaplan et al). 1987;16:485-506 (CME article)  
Interface dermatitis in patients with the acquired immunodeficiency syndrome (Rico et al). 1987;16:1209-18  
Kaposi's sarcoma and acquired immunodeficiency syndrome: post-

mortem findings in twenty-four cases (Lemlich et al). 1987;16:319-25

**Mucocutaneous findings in acquired immunodeficiency syndrome/ AIDS-related complex patients (Triana et al) (Letter).** 1987;16:888-9

Norwegian scabies in acquired immunodeficiency syndrome: report of a case resulting in death from associated sepsis (Glover et al) (Letter). 1987;16:396-9

Pruritus as a presenting sign of acquired immunodeficiency syndrome (Shapiro et al). 1987;16:1115-7

**Acrochordons**  
Fibrofolliculomas, trichodiscomas, and acrochordons: the Birt-Hogg-Dubé syndrome (Ubogy-Rainey et al). 1987;16:452-7

**Acrokeratosis paraneoplastica**  
Acrokeratosis paraneoplastica (Bazex' syndrome) (Richard and Giroix). 1987;16:178-83

**Actinic reticuloid**  
Actinic reticuloid in a black man: successful therapy with azathioprine (Kingston et al). 1987;16:1079-83

**Adrenal function**  
Superpotent topical steroid treatment of psoriasis vulgaris—clinical efficacy and adrenal function (Katz et al). 1987;16:804-11

**Adverse reactions**  
Adverse reactions. 1987;16:1027-39

**AIDS; see Acquired immunodeficiency syndrome**

**Air travel**  
Commercial air travel and medical kits (Goodman) (Letter). 1987;16:634

**Albopapuloidea**  
Epidermolysis bullosa dystrophica et albopapuloidea (Pasini) (El-Tonsy et al) (Letter). 1987;16:891-3

**Allergy**  
Allergy to local anesthetics: comparison of patch test with prick and intradermal test results (Ruzicka et al). 1987;16:1202-8  
Epidermal class II human lymphocyte antigen expression in atop dermatitis: a comparison with experimental allergic contact dermatitis (Barker and MacDonald). 1987;16:1175-9

**Allograft**  
Toxic epidermal necrolysis: an approach to management using cryopreserved allograft skin (Birchall et al). 1987;16:368-72

**Alopecia**  
Action of topical minoxidil in the bald stump-tailed macaque (Uno et al). 1987;16:657-68 (Symposium)  
Alopecia associated with underlying nerve sheath myxoma (Burket). 1987;16:209-11  
Androgenetic alopecia treated with topical minoxidil (De Villez). 1987;16:669-72 (Symposium)  
Androgenetic alopecia: treatment results with topical minoxidil (Roberts). 1987;16:705-10 (Symposium)  
Congenital triangular alopecia (Tosti). 1987;16:991-3  
Deaths occurring during clinical studies of topical minoxidil (Spindler). 1987;16:725-9 (Symposium)  
Dose-response study of topical minoxidil in male pattern alopecia (Shupack et al). 1987;16:673-6 (Symposium)  
Double-blind, placebo-controlled evaluation of topical minoxidil in extensive alopecia areata (Price). 1987;16:730-6 (Symposium)  
Effect of minoxidil on pre-and postconfluent keratinocytes (Kubilus et al). 1987;16:648-52 (Symposium)  
Effect of ultraviolet light on topical minoxidil-induced hair growth in advanced male pattern baldness (Pestana et al). 1987;16:971-6

A kindred with alopecia, keratosis pilaris, cataracts, and psoriasis (Appell and Sherertz). 1987;16:89-95

Long-term efficacy of topical minoxidil in male pattern baldness (Katz et al). 1987;16:711-7 (Symposium)

Long-term follow-up of men with male pattern baldness treated with topical minoxidil (Olson et al). 1987;16:688-95 (Symposium)

Potential mechanisms of minoxidil-induced hair growth in alopecia areata (Fiedler-Weiss). 1987;16:653-6 (Symposium)

A randomized double-blind study of inosiplex (Isoprinosine) therapy in patients with alopecia totalis (Galbraith et al). 1987;16:977-83

Safety and efficacy of topical minoxidil in the management of androgenetic alopecia (Rietschel and Duncan). 1987;16:677-84 (Symposium)

Squaric acid dibutylester in alopecia areata: is discomfort really necessary? (Orecchia and Rabbiosi) (Letter). 1987;16:876

Topical minoxidil in early androgenetic alopecia (Kreindler). 1987;16:718-24 (Symposium)

Topical minoxidil (3%) in extensive alopecia areata, including long-term efficacy (Price). 1987;16:737-44 (Symposium)

Topical minoxidil solution (1% and 5%) in the treatment of alopecia areata (Fiedler-Weiss). 1987;16:745-8 (Symposium)

Use of topical minoxidil as a possible adjunct to hair transplant surgery (Kassimir). 1987;16:685-7 (Symposium)

Use of topical minoxidil in the treatment of male pattern baldness (Savin). 1987;16:696-704 (Symposium)

**Amiodarone**  
Cutaneous ultrastructural changes and photosensitivity associated with amiodarone therapy (Waitzer et al). 1987;16:779-87

**Amyloidosis**  
Pachyonchia congenita with cutaneous amyloidosis and hyperpigmentation—a distinct variant (Tidman et al). 1987;16:935-40

**Anabolic steroid**  
Marked fall in high-density lipoprotein following isotretinoin therapy: report of a case in a weight lifter on anabolic steroids (Hoag et al) (Letter). 1987;16:1264-5

**Anagen effluvium**  
Structural abnormalities of the hair shaft (Whiting). 1987;16:1-25 (CME article)

**Androgenetic alopecia; see Alopecia**

**Anesthetics**  
Allergy to local anesthetics: comparison of patch test with prick and intradermal test results (Ruzicka et al). 1987;16:1202-8

**Anetoderma**  
Familial anetoderma (Friedman et al). 1987;16:341-5

**Angioedema**  
Controlled clinical assessment of astemizole in the treatment of chronic idiopathic urticaria and angioedema (Kailasam and Mathews). 1987;16:797-804

**Angiogenesis**  
Angiogenesis and the skin (Barnhill and Wolf). 1987;16:1226-42 (Clin. rev.)

**Angiolymphoid hyperplasia**  
Coexistence of angiolymphoid hyperplasia with eosinophilia and pulmonary neoplasia (Dupre and Viraben) (Letter). 1987;16:142-4

**Angioma**

Solitary giant spider angioma with an overlying pyogenic granuloma (Okada) (Letter). 1987;16:1053-4

**Anthralin**

Anthralin stability in various vehicles (Green et al). 1987;16:984-8

Degradation of anthralin by coal tar (Whitefield) (Letter). 1987;16:629

The enhanced monocyte and neutrophil chemotaxis in psoriasis is normalized after treatment with psoralens plus ultraviolet A and anthralin (Ternowitz). 1987;16:1169-75

The release and percutaneous permeation of anthralin products, using clinically involved and uninvolved psoriatic skin (Wang et al). 1987;16:812-21

**Antibacterial therapy**

Antibacterial therapy (Raskin) (Letter); (Feingold and Wagner) (Letter reply). 1987;16:631

Antibacterial therapy continued (Cage) (Letter); (Feingold) (Letter reply). 1987;16:631-2

**Antibodies**

Antinuclear antibodies during psoralens plus ultraviolet A (PUVA) therapy—are they worthwhile? (Picascia et al). 1987;16:574-7

Antinuclear antibodies and photosensitivity in lupus erythematosus—relevant in PUVA therapy? (Tuffanelli). 1987;16:614-6 (Editorial)

Linear immunofluorescence staining of the cutaneous basement membrane zone produced by pemphigoid antibodies: the result of hemidesmosome staining (Mutusim et al). 1987;16:75-82

Questions pertaining to the true frequencies with which anti-Ro/SS-A autoantibody and the HLA-DR3 phenotype occur in subacute cutaneous lupus erythematosus patients (Sontheimer). 1987;16:130-4 (Editorial)

**Antifungal agent**

Antifungal efficacy of a combination of benzoic and salicylic acids in a novel aqueous vanishing cream formulation (Logan et al) (Letter). 1987;16:136-7

**Antigen**

Epidermal class II human lymphocyte antigen expression in atopic dermatitis: a comparison with experimental allergic contact dermatitis (Barker and MacDonald). 1987;16:1175-9

Expression of human lymphocyte antigen (HLA)-DR on tumor cells in basal cell carcinoma (Kohchiyama et al). 1987;16:833-8

Inflammatory acquired oral hyperpigmentation: association with melanophages demonstrating phenotypic characteristics of antigen presenting cells and activated monocytes (James et al). 1987;16:220-6

**Anti-inflammatory drugs**

Pharmacology and significance of nonsteroidal anti-inflammatory drugs in the treatment of skin diseases (Greaves). 1987;16:751-64 (CME article)

**Antinuclear antibodies**

Antinuclear antibodies during psoralens plus ultraviolet A (PUVA) therapy—are they worthwhile? (Picascia et al). 1987;16:574-7

Antinuclear antibodies and photosensitivity in lupus erythematosus—relevant in PUVA therapy? (Tuffanelli). 1987;16:614-6 (Editorial)

**Anti-Ro/SS-A autoantibody**

Questions pertaining to the true frequencies with which anti-Ro/SS-A autoantibody and the HLA-DR3 phenotype occur in sub-

acute cutaneous lupus erythematosus patients (Sontheimer). 1987;16:130-4 (Editorial)

**Aqueous cream**

Antifungal efficacy of a combination of benzoic and salicylic acids in a novel aqueous vanishing cream formulation (Logan et al) (Letter). 1987;16:136-7

**Argyria**

Argyria: the intradermal "photograph," a manifestation of passive photosensitivity (Shelley et al). 1987;16:211-7

**Arotinoid**

Treatment of cutaneous T-cell lymphoma with the arotinoid Ro 13-6298 (Tousignant et al). 1987;16:167-71

**Arthritis**

Pyoderma gangrenosum with simultaneous contiguous arthritis (Meirson et al) (Letter). 1987;16:141-2

Treatment of psoriatic arthritis with bromocriptine (Weber and Frey) (Letter). 1987;16:388-9

**Astemizole**

Controlled clinical assessment of astemizole in the treatment of chronic idiopathic urticaria and angioedema (Kailasam and Matthews). 1987;16:797-804

**Atopic dermatitis**

Epidermal class II human lymphocyte antigen expression in atopic dermatitis: a comparison with experimental allergic contact dermatitis (Barker and MacDonald). 1987;16:1175-9

**Atypical nevus**

Melanoma and the atypical nevus (Fusaro and Lynch) (Letter); (Sagebiel) (Letter reply). 1987;16:884-5

**Autoantibody**

Questions pertaining to the true frequencies with which anti-Ro/SS-A autoantibody and the HLA-DR3 phenotype occur in subacute cutaneous lupus erythematosus patients (Sontheimer). 1987;16:130-4 (Editorial)

**Autobiography**

Donald J. Birmingham. 1987;16:425-30

**Avidin stain**

Quantification of cutaneous mast cells using morphometric point counting and a conjugated avidin stain (Kasper and Tharp). 1987;16:326-31

**Azathioprine**

Actinic reticuloid in a black man: successful therapy with azathioprine (Kingston et al). 1987;16:1079-83

Azathioprine in the treatment of pemphigus vulgaris (Aberer et al). 1987;16:527-33

**B****Bacitracin**

Benzocaine and bacitracin as sensitizers (Leyden) (Letter); (Fisher and Adams) (Letter reply). 1987;16:1055-7

**Bacterial infection**

Dermatologic therapy: December 1985 to December 1986 (Coskey). 1987;16:1219-25 (Therapy)

**Baldness; see Alopecia****Basal cell carcinoma**

Clinical diagnostic accuracy of basal cell carcinoma (Presser and Taylor). 1987;16:988-90

Expression of human lymphocyte antigen (HLA)-DR on tumor cells in basal cell carcinoma (Kohchiyama et al). 1987;16:833-8

Nevoid basal cell carcinoma syndrome (Pratt and Jackson). 1987;16:964-70

Subungual basal cell carcinoma presenting as longitudinal melanonychia (Rudolph). 1987;16:229-33

Unilateral nevoid basal cell carcinoma syndrome (Camisa) (Letter); (Mora) (Letter reply). 1987;16:1270-1

**Basal cell epithelioma**  
Deep recurrent basal cell epithelioma (Leonforte) (Letter). 1987;16:1257-8

**Basement membrane**  
Linear immunofluorescence staining of the cutaneous basement membrane zone produced by pemphigoid antibodies: the result of hemidesmosome staining (Mutasim et al). 1987;16:75-82

Multiple clear cell acanthomas (Baden et al). 1987;16:1075-8

**Basic science**  
Basic science conferences in residency training: a national survey (Cruz et al). 1987;16:413-9 (Special article)

**Bathwater**  
Topical (bathwater) PUVA therapy (Gange and Anderson) (Letter); (Lowe and Weingarten) (Letter reply). 1987;16:401-2

**Bazex' syndrome**  
Acrokeratosis paraneoplastica (Bazex' syndrome) (Richard and Giroix). 1987;16:178-83

**Benzocaine**  
Benzocaine and bacitracin as sensitizers (Leyden) (Letter); (Fisher and Adams) (Letter reply). 1987;16:1055-7

**Benzolic acid**  
Antifungal efficacy of a combination of benzoic and salicylic acids in a novel aqueous vanishing cream formulation (Logan et al) (Letter). 1987;16:136-7

**Bilirubin**  
Hyperbiliverdinemia in the bronze baby syndrome (Purcell et al). 1987;16:172-7

**Biopsy**  
Reflex sympathetic dystrophy following nail biopsy (Ingram et al). 1987;16:253-6

**Birmingham, Donald J.**  
Autobiography. 1987;16:425-30

**Birth defects**  
Lethal genes surviving by mosaicism: a possible explanation for sporadic birth defects involving the skin (Happle). 1987;16:899-906 (Commentary)

**Birt-Hogg-Dubé syndrome**  
Fibrofolliculomas, trichodiscomas, and acrochordons: the Birt-Hogg-Dubé syndrome (Ubogu-Rainey et al). 1987;16:452-7

**Bleeding**  
Death in pemphigus vulgaris caused by lower gastrointestinal hemorrhage (Ashworth et al) (Letter). 1987;16:394-5

**Blood eosinophilia**  
Blood eosinophilia as a severity marker for bullous pemphigoid (Bernard et al) (Letter). 1987;16:879-81

**Bone**  
Bone changes in children on long-term treatment with etretinate (Halkier-Sorensen et al). 1987;16:999-1006

Platelike cutaneous osteoma (Monroe et al). 1987;16:481-4

**Book reviews**  
Book reviews. 1987;16:161-6; 420-4; 895-8; 1277-81

**Botryomycosis**  
Cutaneous botryomycosis in a patient with acquired immunodeficiency syndrome (Patterson et al). 1987;16:238-42

**Bovine implant**  
Connective tissue diseases and bovine collagen implants (McCoy et al). 1987;16:315-8

Immune responses to bovine collagen implants (McCoy et al). 1987;16:955-60

**Bowenoid papulosis**  
Bowenoid papulosis of the male and female genital tracts: risk of cervical neoplasia (Rudlinger) (Letter). 1987;16:625-7

**Breast**  
Coexistent pemphigus vulgaris and Paget's disease of the nipple: an immunohistochemical study (Rae et al). 1987;16:235-7

**Breast-fed infant**  
Zinc deficiency in two full-term breast-fed infants (Roberts et al). 1987;16:301-4

**Bromocriptine**  
Treatment of psoriatic arthritis with bromocriptine (Weber and Frey) (Letter). 1987;16:388-9

**Bronchial reactions**  
Bronchial reactions to photochemotherapy (PUVA) (Anderson et al) (Letter). 1987;16:389-90

**Bronze baby syndrome**  
Hyperbiliverdinemia in the bronze baby syndrome (Purcell et al). 1987;16:172-7

**Brown fat**  
Subcutaneous fat necrosis and brown fat deficiency (Taieb et al) (Letter). 1987;16:624-5

**Bullous dermatosis**  
Two types of linear IgA bullous dermatosis (Beutner et al) (Letter). 1987;16:390-1

**Bullous pemphigoid**  
Acanthosis palmaris in a patient with bullous pemphigoid (Razack et al). 1987;16:217-9

Blood eosinophilia as a severity marker for bullous pemphigoid (Bernard et al) (Letter). 1987;16:879-81

Bullous pemphigoid (Korman). 1987;16:907-24 (CME article)

Bullous pemphigoid controlled by tetracycline (Thornfeldt and Menkes). 1987;16:305-10

**C**

**Café au lait spots**  
Non-von Recklinghausen's neurofibromatosis presenting as hemifacial neurofibromas and contralateral café au lait spots (Wasserman et al). 1987;16:1090-6

**Cancer; see also Carcinoma**  
Campaigns for the detection and prevention of melanoma and skin cancers (Arundell). 1987;16:406-7 (Editorial)

Coexistence of angiolympoid hyperplasia with eosinophilia and pulmonary neoplasia (Dupre and Viraben) (Letter). 1987;16:142-4

Hereditary melanoma and the dysplastic nevus syndrome: the risk of cancers other than melanoma (Greene et al). 1987;16:792-7

Melanoma/skin cancer screening in Michigan (Field). 1987;16:578-83

Melanoma/skin cancer screening program in a private office setting (Fixler) (Letter). 1987;16:634-5

Skin cancer screening—a local experience (Olsen et al). 1987;16:637-42 (Special article)

Subungual basal cell carcinoma presenting as longitudinal melanonychia (Rudolph). 1987;16:229-33

**Candida albicans**

Skin abscesses caused by *Candida albicans* in heroin abusers (Podzamczer et al) (Letter). 1987;16:386-7

**Candida tropicalis**

Nodular subcutaneous abscesses caused by *Candida tropicalis* (Benson et al) (Letter). 1987;16:623-4

**Carbon dioxide laser**

Carbon dioxide laser in the treatment of porokeratosis (Hunziker and Bayard) (Letter). 1987;16:625

**Carcinoma**

Clinical diagnostic accuracy of basal cell carcinoma (Presser and Taylor). 1987;16:988-90

Epidermotropic primary neuroendocrine (Merkel cell) carcinoma of the skin with Pautrier-like microabscesses (Rocamora et al). 1987;16:1163-8

Expression of human lymphocyte antigen (HLA)-DR on tumor cells in basal cell carcinoma (Kohchiyama et al). 1987;16:833-8

Metastatic squamous cell carcinoma in linear porokeratosis of Mibelli (Lozinski et al). 1987;16:448-51

Nevoid basal cell carcinoma syndrome (Pratt and Jackson). 1987;16:964-70

Subungual basal cell carcinoma presenting as longitudinal melanonychia (Rudolph). 1987;16:229-33

Unilateral nevoid basal cell carcinoma syndrome (Camisa) (Letter); (Mora) (Letter reply). 1987;16:1270-1

**Cataracts**

A kindred with alopecia, keratosis pilaris, cataracts, and psoriasis (Appell and Sherertz). 1987;16:89-95

**Catheter**

Catheter infection during continuous peritoneal dialysis (Dale and Anderson). 1987;16:205-8

**Cefazolin**

Pustular eruptions following administration of cefazolin: a possible interaction with methyldopa (Stough et al) (Letter). 1987;16:1051-2

**Cell**

Benign lymphoplasia of the earlobes induced by gold earrings: immunohistologic study of the cellular infiltrates (Iwatsuki et al). 1987;16:83-8

Quantification of cutaneous mast cells using morphometric point counting and a conjugated avidin stain (Kasper and Tharp). 1987;16:326-31

**Cervical neoplasia**

Bowenoid papulosis of the male and female genital tracts: risk of cervical neoplasia (Rudlinger) (Letter). 1987;16:625-7

**Chemosurgery**

Keratoacanthomas treated with Mohs' micrographic surgery (chemosurgery) (Larson). 1987;16:1040-4 (Derm. surg.)

**Chemotaxis**

The enhanced monocyte and neutrophil chemotaxis in psoriasis is normalized after treatment with psoralens plus ultraviolet A and anthralin (Ternowitz). 1987;16:1169-75

**Chemotherapy**

Combined total body electron beam irradiation and chemotherapy for mycosis fungoides (Braverman et al). 1987;16:45-60

**Child; see also Infant**

Bone changes in children on long-term treatment with etretinate (Halkier-Sorensen et al). 1987;16:999-1006

Childhood vitiligo (Halder et al). 1987;16:948-54

Dermatitis herpetiformis in children (Reunala et al) (Letter); (Ermacora) (Letter reply). 1987;16:1050

Lupus profundus in children: treatment with hydroxychloroquine (Fox et al). 1987;16:839-44

**Chloroquine**

Chloroquine-induced neutropenia in a patient with dermatomyositis (Don et al) (Letter). 1987;16:629-30

**Clear cell acanthomas**

Multiple clear cell acanthomas (Baden et al). 1987;16:1075-8

**Clindamycin phosphate**

Erythromycin 2% gel in comparison with clindamycin phosphate 1% solution in acne vulgaris (Leyden et al). 1987;16:822-7

**Clinical reviews**

Clinical reviews. 1987;16:600-5; 855-61; 1015-26; 1226-42

**Coal tar**

Degradation of anthralin by coal tar (Whitefield) (Letter). 1987;16:629

**Coalition**

Coalitions are good for optimal dermatologic care (Franzblau). 1987;16:868 (Editorial)

**Cocaine**

Thrombotic phenomena associated with intravenous cocaine (Heng and Haberfeld). 1987;16:462-8

**Coiling of hair shaft**

Structural abnormalities of the hair shaft (Whiting). 1987;16:1-25 (CME article)

**Collagen disease**

Dermatologic therapy: December 1985 to December 1986 (Coskey). 1987;16:1219-25 (Therapy)

**Collagen implants**

Connective tissue diseases and bovine collagen implants (McCoy et al). 1987;16:315-8

Immune responses to bovine collagen implants (McCoy et al). 1987;16:955-60

**Colonic polyps**

Skin tags and colonic polyps (Arnold) (Letter); (Alcalay) (Letter); (Lubach and Banik) (Letter); (Beitler) (Letter reply). 1987;16:402-3

Skin tags and colonic polyps—a gastroenterologist's perspective (Chobanian). 1987;16:407-9 (Editorial)

**Commentaries**

Commentaries. 1987;16:643-7; 899-906; 1068-70; 1282-8

**Computer**

Computers in dermatology (Rigel). 1987;16:606-9 (Computer rev.)

A possible new tool for clinical diagnosis of melanoma: the computer (Cascinelli et al). 1987;16:361-7

**Computer review**

Computer review. 1987;16:606-9

**Condylomata acuminata**

Condylomata acuminata (genital warts): an epidemiologic view (Chuang). 1987;16:376-84 (Clin. rev.)

**Conference**

Basic science conferences in residency training: a national survey (Cruz et al). 1987;16:413-9 (Special article)

**Congenital triangular alopecia**

Congenital triangular alopecia (Tosti). 1987;16:991-3

**Connective tissue**

Connective tissue diseases and bovine collagen implants (McCoy et al). 1987;16:315-8

Connective tissue nevus masquerading as a localized linear epidermal nevus (Herbst et al). 1987;16:264-6

**Contact dermatitis**  
Epidermal class II human lymphocyte antigen expression in atopic dermatitis: a comparison with experimental allergic contact dermatitis (Barker and MacDonald). 1987;16:1175-9

**Contemporaries**  
Contemporaries. 1987;16:425-30

**Continuing medical education**  
Continuing medical education. 1987;16:1-25; 267-91; 485-506; 751-64 (Therapy); 907-28; 1129-48 (Therapy)

Examination. 1987;16:26-7; 292-4; 507-9; 765-6; 925-7; 1145-7

Answers for CME examination. 1987;16:28; 294; 510; 765; 928; 1148

**Correction**  
Elevated *creatine* phosphokinase levels associated with the use of etretinate (1987;15:710) (Jacyk). 1987;16:1060

**Correspondence; see Letters**

**Corynebacterium**  
Cutaneous manifestations of *Corynebacterium* group JK sepsis (Jordan et al). 1987;16:444-7

**Cost-effective medicine**  
Is cost-effective medicine possible? (Dobson). 1987;16:405-6 (Editorial)

**Coumadin**  
Coumadin versus heparin necrosis (Gold et al) (Letter); (Rosen and Stone) (Letter reply). 1987;16:148-9

**Counting**  
Quantification of cutaneous mast cells using morphometric point counting and a conjugated avidin stain (Kasper and Tharp). 1987;16:326-31

**Cream**  
Antifungal efficacy of a combination of benzoic and salicylic acids in a novel aqueous vanishing cream formulation (Logan et al) (Letter). 1987;16:136-7

**Cryptococcosis**  
Localized cutaneous cryptococcosis successfully treated with ketoconazole (Granier et al). 1987;16:243-9

**Curettage**  
The technic of curettage surgery (Mohs) (Letter); (Adam) (Letter reply). 1987;16:886

Use of curettage and shave excision in office practice (Cott et al). 1987;16:1243-51 (Derm. surg.)

**Cutaneous basement membrane**  
Linear immunofluorescence staining of the cutaneous basement membrane zone produced by pemphigoid antibodies: the result of hemidesmosome staining (Mutasim et al). 1987;16:75-82

**Cutaneous lupus erythematosus; see also Lupus erythematosus**  
Concurrent features of cutaneous lupus erythematosus and pemphigus erythematosus following myasthenia gravis and thymoma (Cruz et al). 1987;16:473-80

Questions pertaining to the true frequencies with which anti-Ro/SS-A autoantibody and the HLA-DR3 phenotype occur in subacute cutaneous lupus erythematosus patients (Sontheimer). 1987;16:130-4 (Editorial)

**Cyclosporine**  
Treatment of epidermolysis bullosa acquisita with cyclosporine (Connolly and Sander) (Letter). 1987;16:890

*D*

**Dacarbazine**  
Successful treatment of glucagonoma-related necrolytic migratory erythema with dacarbazine (van der Loos et al). 1987;16:468-72

**Death**  
Death in pemphigus vulgaris caused by lower gastrointestinal hemorrhage (Ashworth et al) (Letter). 1987;16:394-5

Deaths occurring during clinical studies of topical minoxidil (Spindler). 1987;16:725-9 (Symposium)

Norwegian scabies in acquired immunodeficiency syndrome: report of a case resulting in death from associated sepsis (Glover et al) (Letter). 1987;16:396-9

**Dehydroepiandrosterone sulfate**  
Serum elevation of dehydroepiandrosterone sulfate associated with male pattern baldness in young men (Pitts). 1987;16:571-3

**Deoxyribonucleic acid**  
PIBI(D)S syndrome-trichothiodystrophy with xeroderma pigmentosum (group D) mutation (Rebora and Crovato). 1987;16:940-7

**Dermatitis; see also Dermatitis herpetiformis**  
Epidermal class II human lymphocyte antigen expression in atopic dermatitis: a comparison with experimental allergic contact dermatitis (Barker and MacDonald). 1987;16:1175-9

Interface dermatitis in patients with the acquired immunodeficiency syndrome (Rico et al). 1987;16:1209-18

**Dermatitis herpetiformis**  
Dermatitis herpetiformis in children (Reunala et al) (Letter); (Ermacora) (Letter reply). 1987;16:1050-1

Localized dermatitis herpetiformis (Helander and Jansen) (Letter). 1987;16:1052-3

The pathogenesis of dermatitis herpetiformis: recent advances (Hall). 1987;16:1129-44

Purpuric papules and vesicles of the palms in dermatitis herpetiformis (Pierce et al) (Letter). 1987;16:1274-6

**Dermatofibroma**  
Dermatofibroma occurring in a smallpox vaccination scar (Hendricks) (Letter). 1987;16:146-7

**Dermatologic surgery**  
Dermatologic surgery. 1987;16:862-7; 1040-4; 1243-52

**Dermatologist; see also Training**  
On bringing up academic dermatologists (Weigand). 1987;16:129 (Editorial)

**Dermatomyositis**  
Acquired ichthyosis associated with dermatomyositis (Urrutia et al) (Letter). 1987;16:627-9

Chloroquine-induced neutropenia in a patient with dermatomyositis (Don et al) (Letter). 1987;16:629-30

**Dermatophyte infection**  
Ecology of dermatophyte infections in South Bronx, New York, 1969-1981 (McLean et al). 1987;16:336-40

**Dermatosis**  
On the pathogenesis of idiopathic guttate hypomelanosis (Falabella et al). 1987;16:35-44

Two types of linear IgA bullous dermatosis (Beutner et al) (Letter). 1987;16:390-1

**Desmoplastic melanoma**

Desmoplastic melanoma of the penis (Jorda et al) (Letter). 1987;16:619-20

**Diabetes**

Nail changes associated with diabetes mellitus (Greene and Scher). 1987;16:1015-21 (Clin. Rev.)  
Pathologic features of diabetic thick skin (Hanna et al). 1987;16:546-53

**Diagnosis**

Clinical diagnostic accuracy of basal cell carcinoma (Presser and Taylor). 1987;16:988-90  
Leishmaniasis: the touch preparation as a rapid means of diagnosis (Berger et al). 1987;16:1096-1105

**Dialysis**

Catheter infections during continuous peritoneal dialysis (Dale and Anderson). 1987;16:205-8

**Discoid lupus erythematosus**

Discoid lupus erythematosus solely involving the eyelids: report of three cases (Tosti et al) (Letter); (Ziv) (Letter reply). 1987;16:1259-60

**Drionic unit**

Efficacy of the Drionic unit in the treatment of hyperhidrosis (Akins et al). 1987;16:828-32

**Drug**

Generic equivalence of dermatologic products (Doering et al). 1987;16:1068-70 (Commentary)

Pharmacology and significance of nonsteroidal anti-inflammatory drugs in the treatment of skin diseases (Greaves). 1987;16:751-64 (CME article)

Skin abscesses caused by *Candida albicans* in heroin abusers (Podzamczer et al) (Letter). 1987;16:386-7

**Dysplastic nevus syndrome**

Hereditary melanoma and the dysplastic nevus syndrome: the risk of cancers other than melanoma (Greene et al). 1987;16:792-7

**Dystrophy**

Pilomatricomas associated with myotonic dystrophy (Schwartz and Peraza) (Letter). 1987;16:887-8

Reflex sympathetic dystrophy following nail biopsy (Ingram et al). 1987;16:253-6

**E****Earlobes**

Benign lymphoplasia of the earlobes induced by gold earrings: immunohistologic study of the cellular infiltrates (Iwatsuki et al). 1987;16:83-8

**Earrings**

Benign lymphoplasia of the earlobes induced by gold earrings: immunohistologic study of the cellular infiltrates (Iwatsuki et al). 1987;16:83-8

Earrings for nickel-sensitive women (Dobson) (Letter); (Fisher) (Letter reply). 1987;16:631

**Eczema**

Nummular eczema during isotretinoin treatment (Bettoli et al). 1987;16:617

**Editorial**

Editorial. 1987;16:405-9; 614-6; 868-75

**Education**

On bringing up academic dermatologists (Weigand). 1987;16:129 (Editorial)

**Essentials for specialty and subspecialty training in dermatology.**

1987;16:151-60 (Special article)

**Ehlers-Danlos syndrome**

The skin in Ehlers-Danlos syndrome (Pinnell) (Letter). 1987;16:399-400

**Elastin**

Intracellular elastin in cutaneous giant cell reaction (Shum and Guenther) (Letter). 1987;16:617-9

**Electron beam irradiation**

Combined total body electron beam irradiation and chemotherapy for mycosis fungoides (Braverman et al). 1987;16:45-60

Electron microscopic and immunolabeling studies of the lesional and normal skin of patients with mycosis fungoides treated by total body electron beam irradiation (Braverman et al). 1987;16:61-74

**Electron microscopy**

Electron microscopic and immunolabeling studies of the lesional and normal skin of patients with mycosis fungoides treated by total body electron beam irradiation (Braverman et al). 1987;16:61-74

The infected hairs of tinea capitis due to *Microsporum canis*: demonstration of uniqueness of the hair cuticle by scanning electron microscopy (Shelley et al). 1987;16:354-61

**Electrosurgery**

Electrosurgical fundamentals (Boughton and Spencer). 1987;16:862-7 (Derm. surg.)

The hazards of electrosurgery (Sebben). 1987;16:869-72 (Editorial)

**Eosinophil**

Blood eosinophilia as a severity marker for bullous pemphigoid (Bernard et al) (Letter). 1987;16:879-81

Coexistence of angiolympoid hyperplasia with eosinophilia and pulmonary neoplasia (Dupre and Viraben) (Letter). 1987;16:142-4

Extracellular deposition of eosinophil granule major basic protein in pressure urticaria (Peters et al). 1987;16:513-7

Sterile eosinophilic pustulosis in dog and man: comparative aspects (Scott). 1987;16:1022-6 (Clin. rev.)

**Epidermal necrolysis**

Lupus erythematosus and toxic epidermal necrolysis (Bielsa et al) (Letter). 1987;16:1265-7

Toxic epidermal necrolysis: an approach to management using cryopreserved allograft skin (Birchall et al). 1987;16:368-72

**Epidermal nevus**

Connective tissue nevus masquerading as a localized linear epidermal nevus (Herbst et al). 1987;16:264-6

**Epidermolysis bullosa**

Announcement of the National Epidermolysis Bullosa Registry (Carter) (Letter). 1987;16:1058

Epidermolysis bullosa dystrophica et albo-papuloidea (Pasini) (El-Tonsy et al) (Letter). 1987;16:891-3

Epidermolysis bullosa progressiva (Haber and Hanna). 1987;16:195-200

Severe ocular involvement in a patient with epidermolysis bullosa acquisita (Lang and Tapert). 1987;16:439-43

Treatment of epidermolysis bullosa acquisita with cyclosporine (Connolly and Sander) (Letter). 1987;16:890

**Epidermotropic carcinoma**

Epidermotropic primary neuroendocrine (Merkel cell) carcinoma

of the skin with Pautrierlike microabscesses (Rocamora et al). 1987;16:1163-8

**Epitaph**  
Sir William Osler and the anatomical tubercle (Golden). 1987;16:1071-4

**Epithelioma**  
Deep recurrent basal cell epithelioma (Leonforte) (Letter). 1987;16:1257-8

**Eruption**  
Dermatologic therapy: December 1985 to December 1986 (Coskey). 1987;16:1219-25 (Therapy)  
Pustular eruptions following administration of cefazolin: a possible interaction with methyldopa (Stough et al) (Letter). 1987;16:1051-2

**Erythema**  
Successful treatment of glucagonoma-related necrolytic migratory erythema with dacarbazine (van der Loos et al). 1987;16:468-72

**Erythromycin**  
Erythromycin 2% gel in comparison with clindamycin phosphate 1% solution in acne vulgaris (Leyden et al). 1987;16:822-7  
Topical erythromycin preparations (Fisher) (Letter). 1987;16:620

**Etretinate**  
Bone changes in children on long-term treatment with etretinate (Halkier-Sorensen et al). 1987;16:999-1006  
Etretinate for keratin disorders and isotretinoin for acne and not the other way around (Moncada) (Letter); (Mehregan) (Letter reply); (Nguyen and Greer) (Letter reply). 1987;16:622-3  
Etretinate therapy (Ellis and Voorhees). 1987;16:267-91 (CME article)

**Excision**  
Use of curettage and shave excision in office practice (Cott et al). 1987;16:1243-51 (Derm. surg.)

**Extracellular deposition**  
Extracellular deposition of eosinophil granule major basic protein in pressure urticaria (Peters et al). 1987;16:513-7

**Extrafacial rosacea**  
Extrafacial rosacea is rare but does exist (Ayres) (Letter). 1987;16:391-2

**Eye**  
Discoid lupus erythematosus solely involving the eyelids: report of three cases (Tosti et al) (Letter); (Ziv) (Letter reply). 1987;16:1259-60  
Severe ocular involvement in a patient with epidermolysis bullosa acquista (Lang and Tapert). 1987;16:439-43

**F**

**Facial telangiectasia**  
Unilateral facial telangiectasia macularis eruptiva perstans (Fried and Lynfield). 1987;16:250-2

**Faculty**  
On bringing up academic dermatologists (Weigand). 1987;16:129 (Editorial)

**Familial disease**  
Familial anetoderma (Friedman et al). 1987;16:341-5  
Familial granuloma annulare (Friedman and Winkelmann). 1987;16:600-5 (Clin. rev.)  
Familial pemphigus vulgaris (Brenner) (Letter); (Spinowitz) (Letter reply). 1987;16:1270  
Hereditary melanoma and the dysplastic nevus syndrome: the risk of cancers other than melanoma (Greene et al). 1987;16:792-7

**Nevoid basal cell carcinoma syndrome (Pratt and Jackson). 1987;16:964-70**

**Pyoderma gangrenosum in a kindred: precipitation by surgery or mild physical trauma (Shands et al). 1987;16:931-4**

**Fat necrosis**  
Subcutaneous fat necrosis and brown fat deficiency (Taieb et al) (Letter). 1987;16:624-5  
Subcutaneous fat necrosis of the newborn with hypercalcemia (Norwood-Galloway et al). 1987;16:435-9

**Fibrofolliculomas**  
Fibrofolliculomas, trichodiscomas, and acrochordons: the Birt-Hogg-Dubé syndrome (Ubogu-Rainey et al). 1987;16:452-7

**Fibroma**  
Dermatofibroma occurring in a smallpox vaccination scar (Hendricks) (Letter). 1987;16:146-7

**Fibromatosis**  
Juvenile hyaline fibromatosis (Camarasa and Moreno) (Letter). 1987;16:881-3

**Fire ant**  
Meat tenderizer in the acute treatment of imported fire ant stings (Ross et al). 1987;16:1189-92

**Fleigel's disease**  
Hyperkeratosis lenticularis perstans (Fleigel's disease): case report and literature review (Pearson et al). 1987;16:190-5

**Follicular center cell**  
Primary cutaneous large cell lymphomas of follicular center cell origin (Willemze et al). 1987;16:518-26

**Follicular occlusion syndrome**  
Histiocytosis X mimicking the follicular occlusion syndrome: response to local therapy (Dufresne et al) (Letter). 1987;16:385-6

**Folliculitis**  
Necrotizing lymphocytic folliculitis: the early lesion of acne necrotica (varioliformis) (Kossard et al). 1987;16:1007-14  
Pityrosporum folliculitis: treatment with isotretinoin (Friedman) (Letter). 1987;16:632-3

**Forearm**  
Hyperkeratoses of forearms and thighs associated with chronic lung disease (Kaufman and Kaufman) (Letter). 1987;16:889-90

**Fracture of hair shaft**  
Structural abnormalities of the hair shaft (Whiting). 1987;16:1-25 (CME article)

**Fungoides**  
Electron microscopic and immunolabeling studies of the lesional and normal skin of patients with mycosis fungoides treated by total body electron beam irradiation (Braverman et al). 1987;16:61-74

**Fungus**  
Complex viral and fungal skin lesions of patients with acquired immunodeficiency syndrome (Gretzula and Penneys). 1987;16:1151-4  
Dermatologic therapy: December 1985 to December 1986 (Coskey). 1987;16:1219-25 (Therapy)

**Fusarium**  
Fusarium as a pathogen: a case report of *Fusarium* sepsis and review of the literature (Veglia and Marks). 1987;16:260-3

**G**

**Gastrointestinal hemorrhage**  
Death in pemphigus vulgaris caused by lower gastrointestinal hemorrhage (Ashworth et al) (Letter). 1987;16:394-5

**Gelatin matrix**

Treatment of depressed cutaneous scars with gelatin matrix implant: a multicenter study. 1987;16:1155-62

**Generic drugs**

Generic equivalence of dermatologic products (Doering et al.). 1987;16:1068-70 (Commentary)

**Genetic disease**

Lethal genes surviving by mosaicism: a possible explanation for sporadic birth defects involving the skin (Happle). 1987;16:899-906 (Commentary)

Nevoid basal cell carcinoma syndrome (Pratt and Jackson). 1987;16:964-70

Pyoderma gangrenosum in a kindred: precipitation by surgery or mild physical trauma (Shands et al.). 1987;16:931-4

Xanthoma striatum palmarum associated with multiple myeloma (Friedman and Martin) (Leiter). 1987;16:1272-4

**Genital tract**

Bowenoid papulosis of the male and female genital tracts: risk of cervical neoplasia (Rudlinger) (Letter). 1987;16:625-7

Condylomata acuminata (genital warts): an epidemiologic view (Chuang). 1987;16:376-84 (Clin. rev.)

**German dermatology**

A short history of German dermatology (Stuetzgen). 1987;16:1061-7 (Special article)

**Giant cell**

Intracellular elastin in cutaneous giant cell reaction (Shum and Guenther) (Letter). 1987;16:617-9

**Glomerulonephritis**

Partial lipodystrophy associated with a type 3 form of membranoproliferative glomerulonephritis (Chartier et al.). 1987;16:201-5

**Glucagonoma**

Successful treatment of glucagonoma-related necrolytic migratory erythema with dacarbazine (van der Loos et al.). 1987;16:468-72

**Gold**

Benign lymphoplasia of the earlobes induced by gold earrings: immunohistologic study of the cellular infiltrates (Iwatsuki et al.). 1987;16:83-8

Gold therapy and its indications in dermatology (Thomas). 1987;16:845-54 (Therapy)

**Graft-versus-host disease**

Localized oral and perioral lesions in chronic graft-versus-host disease (van Joost et al.) (Letter). 1987;16:138-9

**Granule**

Extracellular deposition of eosinophil granule major basic protein in pressure urticaria (Peters et al.). 1987;16:513-7

**Granuloma**

Familial granuloma annulare (Friedman and Winkelmann). 1987;16:600-5 (Clin. rev.)

Granuloma formation in herpes zoster scars (Fischer and Jaworski) (Letter). 1987;16:1261-3

Solitary giant spider angioma with an overlying pyogenic granuloma (Okada) (Letter). 1987;16:1053-4

**Guttate hypomelanosis**

On the pathogenesis of idiopathic guttate hypomelanosis (Fabalolla et al.). 1987;16:35-44

**H****Hair; see also Alopecia**

Dermatologic therapy: December 1985 to December 1986 (Coskey). 1987;16:1219-25 (Therapy)

The infected hairs of tinea capitis due to *Microsporum canis*: demonstration of uniqueness of the hair cuticle by scanning electron microscopy (Shelley et al.). 1987;16:354-61

**Hair shaft**

Structural abnormalities of the hair shaft (Whiting). 1987;16:1-25 (CME article)

**Hand**

Acanthosis palmaris in a patient with bullous pemphigoid (Razack et al.). 1987;16:217-9

**Hard water**

Hard water and skin irritation (Osborne) (Letter). 1987;16:1263-4

**Hazards**

The hazards of electrosurgery (Sebenn). 1987;16:869-72 (Editorial)

**Health maintenance organization**

HMO checklist: 20 questions to ask before signing up. 1987;16:645-7 (Commentary)

Physicians who care (Bronow). 1987;16:643-7 (Commentary)

**Hemidesmosome staining**

Linear immunofluorescence staining of the cutaneous basement membrane zone produced by pemphigoid antibodies: the result of hemidesmosome staining (Mutazim et al.). 1987;16:75-82

**Hemifacial neurofibromas**

Non-von Recklinghausen's neurofibromatosis presenting as hemifacial neurofibromas and contralateral café au lait spots (Wasserteil et al.). 1987;16:1090-6

**Hemorrhage**

Death in pemphigus vulgaris caused by lower gastrointestinal hemorrhage (Ashworth et al.) (Letter). 1987;16:394-5

**Hendersonula toruloidea**

Tinea pedis caused by *Hendersonula toruloidea* (Greer and Gutierrez). 1987;16:1111-5

**Heparin**

Coumadin versus heparin necrosis (Gold et al.) (Letter); (Rosen and Stone) (Letter reply). 1987;16:148-50

**Hepatitis B**

Peculiar papular skin lesions occurring in hepatitis B carriers (Martinez et al.). 1987;16:31-4

**Hereditary melanoma; see also Familial disease**

Hereditary melanoma and the dysplastic nevus syndrome: the risk of cancers other than melanoma (Greene et al.). 1987;16:792-7

**Heroin**

Skin abscesses caused by *Candida albicans* in heroin abusers (Podzamczer et al.) (Letter). 1987;16:386-7

**Herpes zoster**

Granuloma formation in herpes zoster scars (Fischer and Jaworski) (Letter). 1987;16:1261-3

Herpes zoster incidence in younger age groups (Funaki and Elpern) (Letter). 1987;16:883-4

**Histiocytosis X**

Histiocytosis X mimicking the follicular occlusion syndrome: response to local therapy (Dufresne et al.) (Letter). 1987;16:385-6

**HLA; see Human lymphocyte antigen****HMO; see Health maintenance organization****Hodgkin's disease**

Lymphomatoid papulosis following Hodgkin's disease (Lederman et al.). 1987;16:331-5

**Human lymphocyte antigen**

Expression of human lymphocyte antigen (HLA)-DR on tumor cells in basal cell carcinoma (Kohchiyama et al). 1987;16:833-8

Questions pertaining to the true frequencies with which anti-Ro/SS-A autoantibody and the HLA-DR3 phenotype occur in subacute cutaneous lupus erythematosus patients (Sontheimer). 1987;16:130-4 (Editorial)

**Hyaline fibromatosis**

Juvenile hyaline fibromatosis (Camarasa and Moreno) (Letter). 1987;16:881-3

**Hydroxychloroquine**

Lupus profundus in children: treatment with hydroxychloroquine (Fox et al). 1987;16:839-44

Pustular psoriasis associated with hydroxychloroquine (Friedman) (Letter). 1987;16:1256-7

**Hyperbiliverdinemia**

Hyperbiliverdinemia in the bronze baby syndrome (Purcell et al). 1987;16:172-7

**Hypercalcemia**

Subcutaneous fat necrosis of the newborn with hypercalcemia (Norwood-Galloway et al). 1987;16:435-9

**Hyperhidrosis**

Efficacy of the Driomic unit in the treatment of hyperhidrosis (Akins et al). 1987;16:828-32

**Hyperkeratoses**

Hyperkeratoses of forearms and thighs associated with chronic lung disease (Kaufman and Kaufman) (Letter). 1987;16:889-90

Hyperkeratosis lenticularis perstans (Fleigel's disease): case report and literature review (Pearson et al). 1987;16:190-5

**Hyperpigmentation**

Diffuse, progressive hyperpigmentation: an unusual skin manifestation of mycosis fungoides (David et al). 1987;16:257-60

Inflammatory acquired oral hyperpigmentation: association with melanophages demonstrating phenotypic characteristics of antigen presenting cells and activated monocytes (James et al). 1987;16:220-6

Pachyonychia congenita with cutaneous amyloidosis and hyperpigmentation—a distinct variant (Tidman et al). 1987;16:935-40

**Hyperplasia**

Coexistence of angiolymphoid hyperplasia with eosinophilia and pulmonary neoplasia (Dupre and Viraben) (Letter). 1987;16:142-4

**Hypersensitivity**

Cutaneous hypersensitivity to vitamin K, injection (Finkelstein et al). 1987;16:540-5

**Hypervitaminosis A syndrome**

Hypervitaminosis A syndrome: a paradigm of retinoid side effects (Silverman et al). 1987;16:1027-39 (Adverse reactions)

**Hypomelanosis**

On the pathogenesis of idiopathic guttate hypomelanosis (Falabella et al). 1987;16:35-44

I

**Ichthyosis**

Acquired ichthyosis associated with dermatomyositis (Urrutia et al) (Letter). 1987;16:627-9

Acquired ichthyosis in a patient with acquired immunodeficiency syndrome and Kaposi's sarcoma (Young and Steinman). (Letter). 1987;16:395-6

**Idiopathic guttate hypomelanosis**

On the pathogenesis of idiopathic guttate hypomelanosis (Falabella et al). 1987;16:35-44

**Idiopathic urticaria**

Controlled clinical assessment of astemizole in the treatment of chronic idiopathic urticaria and angioedema (Kailasam and Matthews). 1987;16:797-804

**Immune responses**

Immune responses to bovine collagen implants (McCoy et al). 1987;16:955-60

**Immunodeficiency syndrome**

Acquired ichthyosis in a patient with acquired immunodeficiency syndrome and Kaposi's sarcoma (Young and Steinman) (Letter). 1987;16:395-6

Complex viral and fungal skin lesions of patients with acquired immunodeficiency syndrome (Gretzula and Penneys). 1987;16:1151-4

Cutaneous botryomycosis in a patient with acquired immunodeficiency syndrome (Patterson et al). 1987;16:238-42

Dermatologic findings and manifestations of acquired immunodeficiency syndrome (AIDS) (Kaplan et al). 1987;16:485-506 (CME article)

Interface dermatitis in patients with the acquired immunodeficiency syndrome (Rico et al). 1987;16:1209-18

Kaposi's sarcoma and acquired immunodeficiency syndrome: postmortem findings in twenty-four cases (Lemlich et al). 1987;16:319-25

Mucocutaneous findings in acquired immunodeficiency syndrome/AIDS-related complex patients (Triana et al) (Letter). 1987;16:888-9

Norwegian scabies in acquired immunodeficiency syndrome: report of a case resulting in death from associated sepsis (Glover et al) (Letter). 1987;16:396-9

Pruritus as a presenting sign of acquired immunodeficiency syndrome (Shapiro et al). 1987;16:1115-7

**Immunofluorescence**

Linear immunofluorescence staining of the cutaneous basement membrane zone produced by pemphigoid antibodies: the result of hemidesmosome staining (Mutusim et al). 1987;16:75-82

**Immunoglobulin A bullous dermatosis**

Two types of linear IgA bullous dermatosis (Beutner et al) (Letter). 1987;16:390-1

**Immunohistology**

Benign lymphoplasia of the earlobes induced by gold earrings: immunohistologic study of the cellular infiltrates (Iwatsuki et al). 1987;16:83-8

Immunohistology of pityriasis lichenoides et varioliformis acuta and pityriasis lichenoides chronica: evidence for their interrelationship with lymphomatoid papulosis (Wood et al). 1987;16:559-70

**Immunolabeling**

Electron microscopic and immunolabeling studies of the lesional and normal skin of patients with mycosis fungoides treated by total body electron beam irradiation (Braverman et al). 1987;16:61-74

**Implants**

Connective tissue diseases and bovine collagen implants (McCoy et al). 1987;16:315-8

Immune responses to bovine collagen implants (McCoy et al). 1987;16:955-60

Treatment of depressed cutaneous scars with gelatin matrix implant: a multicenter study. 1987;16:1155-62

**Infant; see also Child**

Congenital pigmented and vascular lesions in newborn infants (Osborn et al). 1987;16:788-92

Zinc deficiency in two full-term breast-fed infants (Roberts et al). 1987;16:301-4

**Infections**

Catheter infections during continuous peritoneal dialysis (Dale and Anderson). 1987;16:205-8

Cutaneous manifestation of disseminated infection by *Mycobacterium fortuitum* biovariant third group (Lazo-de-la-Vega et al) (Letter). 1987;16:1058-60

Dermatologic therapy: December 1985 to December 1986 (Coskey). 1987;16:1219-25 (Therapy)

Ecology of dermatophyte infections in South Bronx, New York, 1969-1981 (McLean et al). 1987;16:336-40

Localized cutaneous cryptococcosis successfully treated with ketoconazole (Granier et al). 1987;16:243-9

*Mycobacterium kansasii* infection with multiple cutaneous lesions (Hanke et al). 1987;16:1122-8

**Infiltrates**

Benign lymphoplasia of the earlobes induced by gold earrings: immunohistologic study of the cellular infiltrates (Iwatsuki et al). 1987;16:83-8

**Inflammatory reaction**

Inflammatory acquired oral hyperpigmentation: association with melanophages demonstrating phenotypic characteristics of antigen presenting cells and activated monocytes (James et al). 1987;16:220-6

**Inosiplex**

A randomized double-blind study of inosiplex (Isoprinosine) therapy in patients with alopecia totalis (Galbraith et al). 1987;16:977-83

**Interface dermatitis**

Interface dermatitis in patients with the acquired immunodeficiency syndrome (Rico et al). 1987;16:1209-18

**Interferon**

Interferon study lacked controls (Gormley) (Letter); (Greenway) (Letter reply). 1987;16:885

**Intradermal test**

Allergy to local anesthetics: comparison of patch test with prick and intradermal test results (Ruzicka et al). 1987;16:1202-8

**Intravenous cocaine**

Thrombotic phenomena associated with intravenous cocaine (Heng and Haberfeld). 1987;16:462-8

**Irradiation**

Combined total body electron beam irradiation and chemotherapy for mycosis fungoidea (Braverman et al). 1987;16:45-60

Electron microscopic and immunolabeling studies of the lesional and normal skin of patients with mycosis fungoidea treated by total body electron beam irradiation (Braverman et al). 1987;16:61-74

Radiation therapy in dermatologic training centers (Polano) (Letter). 1987;16:1267-8

**Irritation**

Hard water and skin irritation (Osborne) (Letter). 1987;16:1263-4

**Isolationism**

Medical isolationism (Weary). 1987;16:872-5 (Editorial)

**Isoprinosine**

A randomized double-blind study of inosiplex (Isoprinosine) therapy in patients with alopecia totalis (Galbraith et al). 1987;16:977-83

**Isotretinoin**

Etretinate for keratin disorders and isotretinoin for acne and not the other way around (Moncada) (Letter); (Mehregan) (Letter reply); (Nguyen and Greer) (Letter reply). 1987;16:622-3

Isotretinoin treatment of pityriasis rubra pilaris (Dicken). 1987;16:297-301

Lupus miliaris disseminatus faciei: efficacy of isotretinoin (Berkis and Privat) (Letter). 1987;16:1271-2

Marked fall in high-density lipoprotein following isotretinoin therapy: report of a case in a weight lifter on anabolic steroids (Hoag et al) (Letter). 1987;16:1264-5

Nummular eczema during isotretinoin treatment (Bettoli et al). 1987;16:617

*Pityrosporum folliculitis*: treatment with isotretinoin (Friedman) (Letter). 1987;16:632-3

**Itch; see Pruritus**

**J**

**Juvenile hyaline fibromatosis**

Juvenile hyaline fibromatosis (Camarasa and Moreno) (Letter). 1987;16:881-3

**K**

**Kaposi's sarcoma; see also Immunodeficiency syndrome**

Acquired ichthyosis in a patient with acquired immunodeficiency syndrome and Kaposi's sarcoma (Young and Steinman) (Letter). 1987;16:395-6

The incidence of second malignancies in subsets of Kaposi's sarcoma (Piette). 1987;16:855-61 (Clin. rev.)

Kaposi's sarcoma and acquired immunodeficiency syndrome: postmortem findings in twenty-four cases (Lemlich et al). 1987;16:319-25

**Keratin**

Etretinate for keratin disorders and isotretinoin for acne and not the other way around (Moncada) (Letter); (Mehregan) (Letter reply); (Nguyen and Greer) (Letter reply). 1987;16:622

Kyrle's disease (Cunningham et al). 1987;16:117-23

**Keratinocytes**

Effect of minoxidil on pre-and postconfluent keratinocytes (Kubilus et al). 1987;16:648-52 (Symposium)

**Keratoacanthomas**

Keratoacanthomas treated with Mohs' micrographic surgery (chemosurgery) (Larson). 1987;16:1040-4 (Derm. surg.)

**Keratosis**

A kindred with alopecia, keratosis pilaris, cataracts, and psoriasis (Appell and Sherertz). 1987;16:89-95

Melanosome macrocomplex: an ultrastructural component of patterned and nonpatterned seborrheic keratoses (Shelley et al). 1987;16:124-8

**Ketoconazole**

Localized cutaneous cryptococcosis successfully treated with ketoconazole (Granier et al). 1987;16:243-9

Topical treatment for moccasin-type tinea pedis (Greer). 1987;16:554-8

**Kidney**

Partial lipodystrophy associated with a type 3 form of membran-

oproliferative glomerulonephritis (Chartier et al). 1987;16: 201-5

**Kyrie's disease**

Kyrie's disease (Cunningham et al). 1987;16:117-23

*L*

**Large cell lymphomas**

Primary cutaneous large cell lymphomas of follicular center cell origin (Willemze et al). 1987;16:518-26

**Laser**

Carbon dioxide laser in the treatment of porokeratosis (Hunziker and Bayard) (Letter). 1987;16:625

**Laugier-Hunziker syndrome**

Laugier-Hunziker syndrome (Koch et al). 1987;16:431-4

**Leishmania aethiopica**

Leishmania aethiopica: topical treatment with paramomycin and methylbenzethonium chloride ointment (Weinrauch et al) (Letter). 1987;16:1268-70

**Leishmaniasis**

Clinical diagnosis of cutaneous leishmaniasis (oriental sore) (Kubba et al). 1987;16:1183-9

Leishmaniasis: the touch preparation as a rapid means of diagnosis (Berger et al). 1987;16:1096-1105

**Leprosy**

Leprosy and psoriasis (Lyell) (Letter); (Glickman) (Letter reply). 1987;16:620-1

**Leser-Trélat sign**

A case of Leser-Trélat sign (Holdiness) (Letter). 1987;16:147-8

**Lethal genes**

Lethal genes surviving by mosaicism: a possible explanation for sporadic birth defects involving the skin (Happle). 1987;16:899-906 (Commentary)

**Letters**

Correspondence. 1987;16:135-50; 385-403; 617-35; 876-94; 1050-60; 1256-76

**Leukemia**

Postpolycythemia myeloid metaplasia, Sweet's syndrome, and acute myeloid leukemia (Horan et al). 1987;16:458-62

**Leukocytoclastic vasculitis**

Sulfone therapy in the treatment of leukocytoclastic vasculitis (Frendenberg and Malkinson). 1987;16:772-8

**Leukodermic dermatosis**

On the pathogenesis of idiopathic guttate hypomelanosis (Falabella et al). 1987;16:35-44

**Light; see Ultraviolet light**

**Linear immunofluorescence**

Linear immunofluorescence staining of the cutaneous basement membrane zone produced by pemphigoid antibodies: the result of hemidesmosome staining (Mutusim et al). 1987;16: 75-82

**Linear porokeratosis of Mibelli**

Metastatic squamous cell carcinoma in linear porokeratosis of Mibelli (Lozinski et al). 1987;16:448-51

**Lipid**

Xanthogranulomatosis in an adult: lipid analysis of xanthomas and plasma (Garvey et al). 1987;16:183-7

**Lipodystrophy**

Partial lipodystrophy associated with a type 3 form of membranoproliferative glomerulonephritis (Chartier et al). 1987;16: 201-5

**Lipoprotein**

Lipoid proteinosis: ultrastructural and biochemical studies (Moy et al). 1987;16:1193-1201

Marked fall in high-density lipoprotein following isotretinoin therapy: report of a case in a weight lifter on anabolic steroids (Hoag et al) (Letter). 1987;16:1264-5

**Lips**

Laugier-Hunziker syndrome (Koch et al). 1987;16:431-4

**Local anesthetics**

Allergy to local anesthetics: comparison of patch test with prick and intradermal test results (Ruzicka et al). 1987;16:1202-8

**Lung**

Coexistence of angiolympoid hyperplasia with eosinophilia and pulmonary neoplasia (Dupre and Viraben) (Letter). 1987;16:142-4

Hyperkeratoses of forearms and thighs associated with chronic lung disease (Kaufman and Kaufman) (Letter). 1987;16:889-90

**Lupus erythematosus**

Antinuclear antibodies and photosensitivity in lupus erythematosus—relevant in PUVA therapy? (Tuffanelli). 1987;16:614-6 (Editorial)

Concurrent features of cutaneous lupus erythematosus and pemphigus erythematosus following myasthenia gravis and thymoma (Cruz et al). 1987;16:473-80

Discoid lupus erythematosus solely involving the eyelids: report of three cases (Tosti et al) (Letter); (Ziv) (Letter reply). 1987;16:1259-60

Lupus erythematosus and toxic epidermal necrolysis (Bielsa et al) (Letter). 1987;16:1265-7

Questions pertaining to the true frequencies with which anti-Ro SS-A autoantibody and the HLA-DR3 phenotype occur in subacute cutaneous lupus erythematosus patients (Sontheimer). 1987;16:130-4 (Editorial)

Systemic lupus erythematosus in association with smoldering multiple myeloma (Sendagorta et al) (Letter). 1987;16:135-6

**Lupus miliaris disseminatus faciei**

Lupus miliaris disseminatus faciei: efficacy of isotretinoin (Berbis and Privat) (Letter). 1987;16:1271-2

**Lupus profundus**

Lupus profundus in children: treatment with hydroxychloroquine (Fox et al). 1987;16:839-44

**Lymphocyte**

Epidermal class II human lymphocyte antigen expression in atop dermatitis: a comparison with experimental allergic contact dermatitis (Barker and MacDonald). 1987;16:1175-9

Expression of human lymphocyte antigen (HLA)-DR on tumor cells in basal cell carcinoma (Kohchiyama et al). 1987;16:833-8

Necrotizing lymphocytic folliculitis: the early lesion of acne necrotica (varioliformis) (Kossard et al). 1987;16:1007-14

**Lymphomas**

Primary cutaneous large cell lymphomas of follicular center cell origin (Willemze et al). 1987;16:518-26

Primary cutaneous lymphoplasmacytic lymphoma (Marti et al). 1987;16:1106-10

Treatment of cutaneous T-cell lymphoma with the arabinosyl Ro 13-6298 (Tousignant et al). 1987;16:167-71

**Lymphomatoid papulosis**

Immunohistology of pityriasis lichenoides et varioliformis acuta and pityriasis lichenoides chronica: evidence for their interre-

lationship with lymphomatoid papulosis (Wood et al). 1987;16:559-70

Lymphomatoid papulosis following Hodgkin's disease (Lederman et al). 1987;16:331-5

**Lymphoplasia**  
Benign lymphoplasia of the earlobes induced by gold earrings: immunohistologic study of the cellular infiltrates (Iwatsuki et al). 1987;16:83-8

**Lymphoplasmacytic lymphoma**  
Primary cutaneous lymphoplasmacytic lymphoma (Marti et al). 1987;16:1106-10

*M*

**Macrocomplex**  
Melanosome macrocomplex: an ultrastructural component of patterned and nonpatterned seborrheic keratoses (Shelley et al). 1987;16:124-8

**Macules**  
PUVA-induced pigmented macules: a case involving palmoplantar skin (Bruce and Berger). 1987;16:1087-90

**Male pattern baldness; see also Alopecia**  
Effect of time on male pattern baldness (Epstein) (Letter); (Olsen et al) (Letter reply). 1987;16:392-3

Effect of ultraviolet light on topical minoxidil-induced hair growth in advanced male pattern baldness (Pestana et al). 1987;16:971-6

Serum elevation of dehydroepiandrosterone sulfate associated with male pattern baldness in young men (Pitts). 1987;16:571-3

**Malignancy; see also Cancer; Carcinoma; Neoplasia; specific disease**  
The incidence of second malignancies in subsets of Kaposi's sarcoma (Piette). 1987;16:855-61 (Clin. Rev.)

Itch and malignancy prognosis in generalized pruritus: a six year follow-up of 125 patients (Paul et al). 1987;16:1179-82

**Malignant pyoderma**  
Malignant pyoderma (Aram) (Letter); (Dicken) (Letter reply). 1987;16:392

**Mast cells**  
Quantification of cutaneous mast cells using morphometric point counting and a conjugated avidin stain (Kasper and Tharp). 1987;16:326-31

**Meat tenderizer**  
Meat tenderizer in the acute treatment of imported fire ant stings (Ross et al). 1987;16:1189-92

**Medical isolationism**  
Medical isolationism (Weary). 1987;16:872-5 (Editorial)

**Medical kits**  
Commercial air travel and medical kits (Goodman) (Letter). 1987;16:634

**Melanoma**  
Campaigns for the detection and prevention of melanoma and skin cancers (Arundell). 1987;16:406-7 (Editorial)

Cutaneous malignant melanoma (Kopf and Maize). 1987;16:610-3 (Periodic synopsis)

Desmoplastic melanoma of the penis (Jorda et al) (Letter). 1987;16:619-20

Heredity melanoma and the dysplastic nevus syndrome: the risk of cancers other than melanoma (Greene et al). 1987;16:792-7

Melanoma and the atypical nevus (Fusaro and Lynch) (Letter); (Sagebiel) (Letter reply). 1987;16:884-5

Melanoma/skin cancer screening in Michigan (Field). 1987;16:578-83

Melanoma/skin cancer screening program in a private office setting (Fixler) (Letter). 1987;16:634-5

Melanomas arising in married couples (Marcus) (Letter). 1987;16:400-1

A possible new tool for clinical diagnosis of melanoma: the computer (Cascinelli et al). 1987;16:361-7

**Melanonychia**  
Subungual basal cell carcinoma presenting as longitudinal melanonychia (Rudolph). 1987;16:229-33

**Melanophages**  
Inflammatory acquired oral hyperpigmentation: association with melanophages demonstrating phenotypic characteristics of antigen presenting cells and activated monocytes (James et al). 1987;16:220-6

**Melanosome macrocomplex**  
Melanosome macrocomplex: an ultrastructural component of patterned and nonpatterned seborrheic keratoses (Shelley et al). 1987;16:124-8

**Membrane**  
Linear immunofluorescence staining of the cutaneous basement membrane zone produced by pemphigoid antibodies: the result of hemidesmosome staining (Mutusim et al). 1987;16:75-82

Multiple clear cell acanthomas (Baden et al). 1987;16:1075-8

**Membranoproliferative glomerulonephritis**  
Partial lipodystrophy associated with a type 3 form of membranoproliferative glomerulonephritis (Chartier et al). 1987;16:201-5

**Merkel cell carcinoma**  
Epidermotropic primary neuroendocrine (Merkel cell) carcinoma of the skin with Pautrierlike microabscesses (Rocamora et al). 1987;16:1163-8

**Metabolic disorder**  
Dermatologic therapy: December 1985 to December 1986 (Coskey). 1987;16:1219-25 (Therapy)

**Metaplasia**  
Postpolycythemia myeloid metaplasia, Sweet's syndrome, and acute myeloid leukemia (Horan et al). 1987;16:458-62

**Metastasis**  
Metastatic squamous cell carcinoma in linear porokeratosis of Mibelli (Lozinski et al). 1987;16:448-51

**Methotrexate**  
Pulmonary complications following methotrexate therapy (Phillips et al). 1987;16:373-5 (Adverse reactions)

**Methoxsalen**  
Comparative efficacy of two dosage forms of oral methoxsalen in psoralens plus ultraviolet A therapy of psoriasis (Lowe et al). 1987;16:994-8

Skin tumors in the European PUVA Study: eight-year follow-up of 1,643 patients treated with PUVA for psoriasis (Henseler et al). 1987;16:108-16

**Methylbenzethonium chloride**  
*Leishmania aethiopica*: topical treatment with paromomycin and methylbenzethonium chloride ointment (Weinrauch et al) (Letter). 1987;16:1268-70

**Methyldopa**  
Pustular eruptions following administration of cefazolin: a possible interaction with methyldopa (Stough et al) (Letter). 1987;16:1051-2

#### Microabscess

Epidemotropic primary neuroendocrine (Merkel cell) carcinoma of the skin with Pautrierlike microabscesses (Rocamora et al). 1987;16:1163-8

#### Micrographic surgery

Keratoacanthomas treated with Mohs' micrographic surgery (chemosurgery) (Larson). 1987;16:1040-4 (Derm. surg.)

#### Microscopy

Electron microscopic and immunolabeling studies of the lesional and normal skin of patients with mycosis fungoïdes treated by total body electron beam irradiation (Braverman et al). 1987;16:61-74

The infected hairs of tinea capitis due to *Microsporum canis*: demonstration of uniqueness of the hair cuticle by scanning electron microscopy (Shelley et al). 1987;16:354-61

#### *Microsporum canis*

The infected hairs of tinea capitis due to *Microsporum canis*: demonstration of uniqueness of the hair cuticle by scanning electron microscopy (Shelley et al). 1987;16:354-61

#### Migratory erythema

Successful treatment of glucagonoma-related necrolytic migratory erythema with dacarbazine (van der Loos et al). 1987;16:468-72

#### Milia

Syringoma presenting as milia (Friedman and Butler). 1987;16:310-4

#### Minoxidil

Action of topical minoxidil in the bald stump-tailed macaque (Uno et al). 1987;16:657-68 (Symposium)

Androgenetic alopecia treated with topical minoxidil (De Villez). 1987;16:669-72 (Symposium)

Androgenetic alopecia: treatment results with topical minoxidil (Roberts). 1987;16:705-10 (Symposium)

Deaths occurring during clinical studies of topical minoxidil (Spindler). 1987;16:725-9 (Symposium)

Dose-response study of topical minoxidil in male pattern alopecia (Shupack et al). 1987;16:673-6 (Symposium)

Double-blind, placebo-controlled evaluation of topical minoxidil in extensive alopecia areata (Price). 1987;16:730-6 (Symposium)

Effect of minoxidil on pre-and postconfluent keratinocytes (Kubilus et al). 1987;16:648-52 (Symposium)

Effect of ultraviolet light on topical minoxidil-induced hair growth in advanced male pattern baldness (Pestana et al). 1987;16:971-6

A falling out following minoxidil: telogen effluvium (Bamford) (Letter); (Olsen) (Letter reply). 1987;16:144-6

Long-term efficacy of topical minoxidil in male pattern baldness (Katz et al). 1987;16:711-7 (Symposium)

Long-term follow-up of men with male pattern baldness treated with topical minoxidil (Olsen et al). 1987;16:688-95 (Symposium)

Potential mechanisms of minoxidil-induced hair growth in alopecia areata (Fiedler-Weiss). 1987;16:653-6 (Symposium)

Safety and efficacy of topical minoxidil in the management of androgenetic alopecia (Rietschel and Duncan). 1987;16:677-84 (Symposium)

Topical minoxidil in early androgenetic alopecia (Kreindler). 1987;16:718-24 (Symposium)

Topical minoxidil (3%) in extensive alopecia areata, including long-term efficacy (Price). 1987;16:737-44 (Symposium)

Topical minoxidil solution (1% and 5%) in the treatment of alopecia areata (Fiedler-Weiss). 1987;16:745-8 (Symposium)

Use of topical minoxidil as a possible adjunct to hair transplant surgery (Kassimir). 1987;16:685-7 (Symposium)

Use of topical minoxidil in the treatment of male pattern baldness (Savin). 1987;16:696-704 (Symposium)

#### Mohs' procedure

Keratoacanthomas treated with Mohs' micrographic surgery (chemosurgery) (Larson). 1987;16:1040-4 (Derm. surg.)

#### Monocytes

The enhanced monocyte and neutrophil chemotaxis in psoriasis is normalized after treatment with psoralens plus ultraviolet A and anthralin (Ternowitz). 1987;16:1169-75

Inflammatory acquired oral hyperpigmentation: association with melanophages demonstrating phenotypic characteristics of antigen presenting cells and activated monocytes (James et al). 1987;16:220-6

#### Morphometric point counting

Quantification of cutaneous mast cells using morphometric point counting and a conjugated avidin stain (Kasper and Tharp). 1987;16:326-31

#### Mosaicism

Lethal genes surviving by mosaicism: a possible explanation for sporadic birth defects involving the skin (Happle). 1987;16:899-906 (Commentary)

#### Mucinosis

Cutaneous mucinosis in the toxic oil syndrome (Fonseca and Contreras) (Letter). 1987;16:139-40

#### Mucocutaneous findings

Mucocutaneous findings in acquired immunodeficiency syndrome/AIDS-related complex patients (Triana et al) (Letter). 1987;16:888-9

#### Mucosa

Laugier-Hunziker syndrome (Koch et al). 1987;16:431-4

#### Mutation

PIBI(D) syndrome-trichothiodystrophy with xeroderma pigmentosum (group D) mutation (Rebora and Crovato). 1987;16:940-7

#### Myasthenia gravis

Concurrent features of cutaneous lupus erythematosus and pemphigus erythematosus following myasthenia gravis and thymoma (Cruz et al). 1987;16:473-80

#### *Mycobacterium fortuitum*

Cutaneous manifestation of disseminated infection by *Mycobacterium fortuitum* biovariant third group (Lazo-de-la-Vega et al) (Letter). 1987;16:1058-60

#### *Mycobacterium kansasii*

*Mycobacterium kansasii* infection with multiple cutaneous lesions (Hanke et al). 1987;16:1122-8

#### Mycosis fungoïdes

Combined total body electron beam irradiation and chemotherapy for mycosis fungoïdes (Braverman et al). 1987;16:45-60

Diffuse, progressive hyperpigmentation: an unusual skin manifestation of mycosis fungoïdes (David et al). 1987;16:257-60

Electron microscopic and immunolabeling studies of the lesional and normal skin of patients with mycosis fungoïdes treated by total body electron beam irradiation (Braverman et al). 1987;16:61-74

Treatment of cutaneous T-cell lymphoma with the arabinoside Ro 13-6298 (Tousignant et al). 1987;16:167-71

**Myeloid metaplasia**

Postpolycythemia myeloid metaplasia, Sweet's syndrome, and acute myeloid leukemia (Horan et al). 1987;16:458-62

**Myeloma**

Systemic lupus erythematosus in association with smoldering multiple myeloma (Sendagorta et al) (Letter). 1987;16:135-6

Xanthoma striatum palmare associated with multiple myeloma (Friedman and Martin) (Letter). 1987;16:1272-4

**Myotonic dystrophy**

Pilomatrixomas associated with myotonic dystrophy (Schwartz and Peraza) (Letter). 1987;16:887-8

**Myxoma**

Alopecia associated with underlying nerve sheath myxoma (Burket). 1987;16:209-11

**N****Nail**

Laugier-Hunziker syndrome (Koch et al). 1987;16:431-4

Nail changes associated with diabetes mellitus (Greene and Scher). 1987;16:1015-21 (Clin. rev.)

Reflex sympathetic dystrophy following nail biopsy (Ingram et al). 1987;16:253-6

Subungual basal cell carcinoma presenting as longitudinal melanonychia (Rudolph). 1987;16:229-33

**National Epidermolysis Bullosa Registry**

Announcement of the National Epidermolysis Bullosa Registry (Carter) (Letter). 1987;16:1058

**Necrolysis**

Lupus erythematosus and toxic epidermal necrolysis (Bielsa et al) (Letter). 1987;16:1265-7

Successful treatment of glucagonoma-related necrolytic migratory erythema with dacarbazine (van der Loos et al). 1987;16:468-72

Toxic epidermal necrolysis: an approach to management using cryopreserved allograft skin (Birchall et al). 1987;16:368-72

**Necrosis**

Coumadin versus heparin necrosis (Gold et al) (Letter); (Rosen and Stone) (Letter reply). 1987;16:148-9

Pyoderma gangrenosum in a kindred: precipitation by surgery or mild physical trauma (Shands et al). 1987;16:931-4

Subcutaneous fat necrosis and brown fat deficiency (Taieb et al) (Letter). 1987;16:624-5

Subcutaneous fat necrosis of the newborn with hypercalcemia (Norwood-Galloway et al). 1987;16:435-9

**Necrotizing lymphocytic folliculitis**

Necrotizing lymphocytic folliculitis: the early lesion of acne necrotica (varioliformis) (Kossard et al). 1987;16:1007-14

**Neonates**

Congenital pigmented and vascular lesions in newborn infants (Osburn et al). 1987;16:788-92

**Neoplasia; see also Cancer; Carcinoma**

Bowenoid papulosis of the male and female genital tracts: risk of cervical neoplasia (Rudlinger) (Letter). 1987;16:625-7

Coexistence of angiolymphoid hyperplasia with eosinophilia and pulmonary neoplasia (Dubre and Viraben) (Letter). 1987;16:142-4

Treatment of cutaneous T-cell lymphoma with the arotinoid Ro 13-6298 (Tousignant et al). 1987;16:167-71

**Nephritis**

Partial lipodystrophy associated with a type 3 form of membranoproliferative glomerulonephritis (Chartier et al). 1987;16:201-5

**Nerve sheath myxoma**

Alopecia associated with underlying nerve sheath myxoma (Burket). 1987;16:209-11

**Neuroendocrine carcinoma**

Epidermotropic primary neuroendocrine (Merkel cell) carcinoma of the skin with Pautrierlike microabscesses (Rocamora et al). 1987;16:1163-8

**Neurofibromatosis**

Non-von Recklinghausen's neurofibromatosis presenting as hemifacial neurofibromas and contralateral café au lait spots (Wasserteil et al). 1987;16:1090-6

**Neutropenia**

Chloroquine-induced neutropenia in a patient with dermatomyositis (Dow et al) (Letter). 1987;16:629-30

**Neutrophil**

The enhanced monocyte and neutrophil chemotaxis in psoriasis is normalized after treatment with psoralens plus ultraviolet A and anthralin (Termowitz). 1987;16:1169-75

**Nevoid basal cell carcinoma**

Nevoid basal cell carcinoma syndrome (Pratt and Jackson). 1987;16:964-70

Unilateral nevoid basal cell carcinoma syndrome (Camisa) (Letter); (Mora) (Letter reply). 1987;16:1270-1

**Nevus**

Connective tissue nevus masquerading as a localized linear epidermal nevus (Herbst et al). 1987;16:264-6

Melanoma and the atypical nevus (Fusaro and Lynch) (Letter); (Sagelbl) (Letter reply). 1987;16:884-5

**Newborn**

Subcutaneous fat necrosis of the newborn with hypercalcemia (Norwood-Galloway et al). 1987;16:435-9

**Nickel sensitivity**

Earrings for nickel-sensitive women (Dobson) (Letter); (Fisher) (Letter reply). 1987;16:631

**Nikolsky sign**

Who is Nikolsky and what does his sign mean? (Doubleday) (Letter). 1987;16:1054-5

**Nipple**

Coexistent pemphigus vulgaris and Paget's disease of the nipple: an immunohistochemical study (Rae et al). 1987;16:235-7

**Nodular subcutaneous abscesses**

Nodular subcutaneous abscesses caused by *Candida tropicalis* (Benson et al) (Letter). 1987;16:623-4

**Nonsteroidal anti-inflammatory drugs**

Pharmacology and significance of nonsteroidal anti-inflammatory drugs in the treatment of skin diseases (Greaves). 1987;16:751-64 (CME article)

**Non-von Recklinghausen's neurofibromatosis**

Non-von Recklinghausen's neurofibromatosis presenting as hemifacial neurofibromas and contralateral café au lait spots (Wasserteil et al). 1987;16:1090-6

**Norwegian scabies**

Norwegian scabies in acquired immunodeficiency syndrome: report of a case resulting in death from associated sepsis (Glover et al) (Letter). 1987;16:396-9

**Nummular eczema**

Nummular eczema during isotretinoin treatment (Bettoli et al). 1987;16:617

*O*

**Ocular disease**

Severe ocular involvement in a patient with epidermolysis bullosa acquisita (Lang and Tapert). 1987;16:439-43

**Office practice**

Use of curettage and shave excision in office practice (Cott et al). 1987;16:1243-51 (Derm. surg.)

**Ointment**

*Leishmania aethiopica*: topical treatment with paromomycin and methylbenzethonium chloride ointment (Weinrauch et al) (Letter). 1987;16:1268-70

**Oral mucosa**

Laugier-Hunziker syndrome (Koch et al). 1987;16:431-4

**Oriental sore**

Clinical diagnosis of cutaneous leishmaniasis (oriental sore) (Kubba et al). 1987;16:1183-9

**Osler, Sir William**

Sir William Osler and the anatomical tubercle (Golden). 1987;16:1071-4

**Osteoma**

Platelike cutaneous osteoma (Monroe et al). 1987;16:481-4

*P*

**PA Patch**

PA Patch—a new patch testing device (Marks et al). 1987;16:961-3

**Pachyonychia congenita**

Pachyonychia congenita with cutaneous amyloidosis and hyperpigmentation—a distinct variant (Tidman et al). 1987;16:935-40

**Paget's disease**

Coexistent pemphigus vulgaris and Paget's disease of the nipple: an immunohistochemical study (Rae et al). 1987;16:235-7

**Palm**

Acanthosis palmaris in a patient with bullous pemphigoid (Razack et al). 1987;16:217-9

Purpuric papules and vesicles of the palms in dermatitis herpetiformis (Pierce et al) (Letter). 1987;16:1274-6

PUVA-induced pigmented macules: a case involving palmoplantar skin (Bruce and Berger). 1987;16:1087-90

Xanthoma striatum palmarum associated with multiple myeloma (Friedman and Martin) (Letter). 1987;16:1272-4

**Papillomatosis**

Confluent and reticular papillomatosis (El-Tonsy et al) (Letter). 1987;16:893-4

**Papular lesions**

Peculiar papular skin lesions occurring in hepatitis B carriers (Martinez et al). 1987;16:31-4

Purpuric papules and vesicles of the palms in dermatitis herpetiformis (Pierce et al) (Letter). 1987;16:1274-6

**Papulosis**

Bowenoid papulosis of the male and female genital tracts: risk of cervical neoplasia (Rudlinger) (Letter). 1987;16:625-7

Immunohistology of pityriasis lichenoides et varioliformis acuta and pityriasis lichenoides chronica: evidence for their interrelationship with lymphomatoid papulosis (Wood et al). 1987;16:559-70

Lymphomatoid papulosis following Hodgkin's disease (Lederman et al). 1987;16:331-5

**Papulosquamous eruption**

Dermatologic therapy: December 1985 to December 1986 (Coskey). 1987;16:1219-25 (Therapy)

**Paraproteinemia**

Paraproteinemia in patients with scleredema: clinical findings and serum effects on skin fibroblasts in vitro (Ohta et al). 1987;16:96-107

**Parasitic disease**

Dermatologic therapy: December 1985 to December 1986 (Coskey). 1987;16:1219-25 (Therapy)

**Paromomycin**

*Leishmania aethiopica*: topical treatment with paromomycin and methylbenzethonium chloride ointment (Weinrauch et al) (Letter). 1987;16:1268-70

**Patch test**

Allergy to local anesthetics: comparison of patch test with prick and intradermal test results (Ruzicka et al). 1987;16:1202-8

PA Patch—a new patch testing device (Marks et al). 1987;16:961-3

**Pautrierlike microabscess**

Epidermotropic primary neuroendocrine (Merkel cell) carcinoma of the skin with Pautrierlike microabscesses (Rocamora et al). 1987;16:1163-8

**Pemphigoid**

Acanthosis palmaris in a patient with bullous pemphigoid (Razack et al). 1987;16:217-9

Blood eosinophilia as a severity marker for bullous pemphigoid (Bernard et al) (Letter). 1987;16:879-81

Bullous pemphigoid (Korman). 1987;16:907-24

Linear immunofluorescence staining of the cutaneous basement membrane zone produced by pemphigoid antibodies: the result of hemidesmosome staining (Mutasim et al). 1987;16:75-82

**Pemphigus**

Azathioprine in the treatment of pemphigus vulgaris (Aberer et al). 1987;16:527-33

Coexistent pemphigus vulgaris and Paget's disease of the nipple: an immunohistochemical study (Rae et al). 1987;16:235-7

Concurrent features of cutaneous lupus erythematosus and pemphigus erythematosus following myasthenia gravis and thymoma (Cruz et al). 1987;16:473-80

Death in pemphigus vulgaris caused by lower gastrointestinal hemorrhage (Ashworth et al) (Letter). 1987;16:394-5

Familial pemphigus vulgaris (Brenner) (Letter); (Spinowitz) (Letter reply). 1987;16:1270

**Penis**

Desmoplastic melanoma of the penis (Jorda et al) (Letter). 1987;16:619-20

**Periodic synopsis**

Periodic synopsis. 1987;16:410-2; 610-3

**Peritoneal dialysis**

Catheter infections during continuous peritoneal dialysis (Dale and Anderson). 1987;16:205-8

**Pharmacology; see also Drug**

Pharmacology and significance of nonsteroidal anti-inflammatory drugs in the treatment of skin diseases (Greaves). 1987;16:751-64 (CME article)

**Photosensitivity**

Antinuclear antibodies and photosensitivity in lupus erythemato-

sus—relevant in PUVA therapy? (Tuffanelli). 1987;16:614-6 (Editorial)

Argyria: the intradermal "photograph," a manifestation of passive photosensitivity (Shelley et al.). 1987;16:211-7

Comparison of methods for assessing photoprotection against ultraviolet A *in vivo* (Kaidbey and Gange). 1987;16:346-53

Cutaneous ultrastructural changes and photosensitivity associated with amiodarone therapy (Waitzke et al.). 1987;16:779-87

**Phototherapy; see also Ultraviolet light**

Hyperbiliverdinemia in the bronze baby syndrome (Purcell et al.). 1987;16:172-7

**Physicians who care**

Physicians who care (Bronow). 1987;16:643-7 (Commentary)

**PIBI(D)S syndrome**

PIBI(D)S syndrome-trichothiodystrophy with xeroderma pigmentosum (group D) mutation (Rebora and Crovato). 1987;16:940-7

**Pigmentation**

Argyria: the intradermal "photograph," a manifestation of passive photosensitivity (Shelley et al.). 1987;16:211-7

Childhood vitiligo (Halder et al.). 1987;16:948-54

Congenital pigmented and vascular lesions in newborn infants (Osburn et al.). 1987;16:788-92

Diffuse, progressive hyperpigmentation: an unusual skin manifestation of mycosis fungoides (David et al.). 1987;16:257-60

Inflammatory acquired oral hyperpigmentation: association with melanophages demonstrating phenotypic characteristics of antigen presenting cells and activated monocytes (James et al.). 1987;16:220-6

Langier-Hunziker syndrome (Koch et al.). 1987;16:431-4

Pachyonychia congenita with cutaneous amyloidosis and hyperpigmentation—a distinct variant (Tidman et al.). 1987;16:935-40

Pigmentary demarcation lines: a population survey (James et al.). 1987;16:584-90

PUVA-induced pigmented macules: a case involving palmoplantar skin (Bruce and Berger). 1987;16:1087-90

**Pilomatricomas**

Pilomatricomas associated with myotonic dystrophy (Schwartz and Peraza) (Letter). 1987;16:887-8

**Pityriasis**

Immunohistology of pityriasis lichenoides et varioliformis acuta and pityriasis lichenoides chronica: evidence for their interrelationship with lymphomatoid papulosis (Wood et al.). 1987;16:559-70

Isotretinoin treatment of pityriasis rubra pilaris (Dicken). 1987;16:297-301

Pityriasis rosea of Gibert (Feinstein and Kahana) (Letter); (Parsons) (Letter reply). 1987;16:1260-1

**Pityrosporum**

Pityrosporum folliculitis: treatment with isotretinoin (Friedman) (Letter). 1987;16:632-3

**Platelike cutaneous osteoma**

Platelike cutaneous osteoma (Monroe et al.). 1987;16:481-4

**Point counting**

Quantification of cutaneous mast cells using morphometric point counting and a conjugated avidin stain (Kasper and Tharp). 1987;16:326-31

**Polycythemia myeloid metaplasia**

Postpolycythemia myeloid metaplasia, Sweet's syndrome, and acute myeloid leukemia (Horan et al.). 1987;16:458-62

**Polyps**

Skin tags and colonic polyps (Alcalay) (Letter); (Arnold) (Letter); (Lubach and Banik) (Letter); (Beitler) (Letter reply). 1987;16:402-3

Skin tags and colonic polyps—a gastroenterologist's perspective (Chobanian). 1987;16:407-9 (Editorial)

**Porokeratosis**

Carbon dioxide laser in the treatment of porokeratosis (Hunziker and Bayard) (Letter). 1987;16:625

Metastatic squamous cell carcinoma in linear porokeratosis of Mibelli (Lozinski et al.). 1987;16:448-51

**Pregnancy**

Accutane and pregnancy prevention (Yoder) (Letter). 1987;16:140-1

**Pressure urticaria**

Extracellular deposition of eosinophil granule major basic protein in pressure urticaria (Peters et al.). 1987;16:513-7

**Prick test**

Allergy to local anesthetics: comparison of patch test with prick and intradermal test results (Ruzicka et al.). 1987;16:1202-8

**Proteinosis**

Lipoid proteinosis: ultrastructural and biochemical studies (Moy et al.). 1987;16:1193-1201

**Pruritus**

Itch and malignancy prognosis in generalized pruritus: a six year follow-up of 125 patients (Paul et al.). 1987;16:1179-82

Pruritus as a presenting sign of acquired immunodeficiency syndrome (Shapiro et al.). 1987;16:1115-7

**Psoralen; see also PUVA therapy**

Antinuclear antibodies during psoralens plus ultraviolet A (PUVA) therapy—are they worthwhile? (Picascia et al.). 1987;16:574-7

Comparative efficacy of two dosage forms of oral methoxsalen in psoralens plus ultraviolet A therapy of psoriasis (Lowe et al.). 1987;16:994-8

The enhanced monocyte and neutrophil chemotaxis in psoriasis is normalized after treatment with psoralens plus ultraviolet A and anthralin (Ternowitz). 1987;16:1169-75

**Psoriasis**

Comparative efficacy of two dosage forms of oral methoxsalen in psoralens plus ultraviolet A therapy of psoriasis (Lowe et al.). 1987;16:994-8

The enhanced monocyte and neutrophil chemotaxis in psoriasis is normalized after treatment with psoralens plus ultraviolet A and anthralin (Ternowitz). 1987;16:1169-75

A kindred with alopecia, keratosis pilaris, cataracts, and psoriasis (Appell and Sherertz). 1987;16:89-95

Leprosy and psoriasis (Lyell) (Letter); (Glickman) (Letter reply). 1987;16:620-1

Pustular psoriasis associated with hydroxychloroquine (Friedman) (Letter). 1987;16:1256-7

The release and percutaneous permeation of anthralin products, using clinically involved and uninvolved psoriatic skin (Wang et al.). 1987;16:812-21

Superpotent topical steroid treatment of psoriasis vulgaris—clinical efficacy and adrenal function (Katz et al.). 1987;16:804-11

**Psoriatic arthritis**

Treatment of psoriatic arthritis with bromocriptine (Weber and Frey) (Letter). 1987;16:388-9

**Pulmonary disease**

Coexistence of angiolymphoid hyperplasia with eosinophilia and

pulmonary neoplasia (Dupre and Viraben) (Letter). 1987;16:142-4

Pulmonary complications following methotrexate therapy (Phillips et al). 1987;16:373-5 (Adverse reactions)

**Purpuric papule**  
Purpuric papules and vesicles of the palms in dermatitis herpetiformis (Pierce et al) (Letter). 1987;16:1274-6

**Pustular eruptions**  
Pustular eruptions following administration of cefazolin: a possible interaction with methyldopa (Stough et al) (Letter). 1987;16:1051-2

Pustular psoriasis associated with hydroxychloroquine (Friedman) (Letter). 1987;16:1256-7

Sterile eosinophilic pustulosis in dog and man: comparative aspects (Scott). 1987;16:1022-6 (Clin. rev.)

**PUVA therapy**  
Antinuclear antibodies during psoralens plus ultraviolet A (PUVA) therapy—are they worthwhile? (Picascia et al). 1987;16:574-7

Antinuclear antibodies and photosensitivity in lupus erythematosus—relevant in PUVA therapy? (Tuffanelli). 1987;16:614-6 (Editorial)

Bronchial reactions to phototherapy (PUVA) (Anderson et al) (Letter). 1987;16:389-90

PUVA-induced pigmented macules: a case involving palmoplantar skin (Bruce and Berger). 1987;16:1087-90

Skin tumors in the European PUVA Study: eight-year follow-up of 1,643 patients treated with PUVA for psoriasis (Henseler et al). 1987;16:108-16

Topical (bathwater) PUVA therapy (Gange and Anderson) (Letter); (Lowe and Weingarten) (Letter reply). 1987;16:401-2

**Pyoderma**  
Malignant pyoderma (Aram) (Letter); (Dicken) (Letter reply). 1987;16:392

Pyoderma gangrenosum in a kindred: precipitation by surgery or mild physical trauma (Shands et al). 1987;16:931-4

Pyoderma gangrenosum with simultaneous contiguous arthritis (Meirson et al) (Letter). 1987;16:141-2

**Pyogenic granuloma**  
Solitary giant spider angioma with an overlying pyogenic granuloma (Okada) (Letter). 1987;16:1053-4

**R**

**Radiation therapy; see also Irradiation**  
Radiation therapy in dermatologic training centers (Polano) (Letter). 1987;16:1267-8

**Rash**  
"A ring around the rosie" (the rash that was) (Glickman). 1987;16:1282-8 (Commentary)

**Registry**  
Announcement of the National Epidermolysis Bullosa Registry (Carter) (Letter). 1987;16:1058

**Renal disease**  
Partial lipodystrophy associated with a type 3 form of membranoproliferative glomerulonephritis (Chartier et al). 1987;16:201-5

**Residency**  
Basic science conferences in residency training: a national survey (Cruz et al). 1987;16:413-9 (Special article)

Essentials for specialty and subspecialty training in dermatology. 1987;16:151-60 (Special article)

**Respiratory disease**  
Coexistence of angiolymphoid hyperplasia with eosinophilia and pulmonary neoplasia (Dupre and Viraben) (Letter). 1987;16:142-4

Pulmonary complications following methotrexate therapy (Phillips et al). 1987;16:373-5 (Adverse reactions)

**Reticuloid**  
Actinic reticuloid in a black man: successful therapy with aza-thioprine (Kingston et al). 1987;16:1079-83

**Retinoid**  
Etretinate therapy (Ellis and Voorhees). 1987;16:267-91 (CME article)

Hypervitaminosis A syndrome: a paradigm of retinoid side effects (Silverman et al). 1987;16:1027-39 (Adverse reactions)

**Retired doctors club**  
Retired doctors club (Foerster) (Letter). 1987;16:401

**Reviewers**  
Reviewers for volumes 15 and 16. 1987;16:1252-5

**Reviews**  
Book reviews. 1987;16:161-6; 420-4; 895-8; 1277-81  
Computer review. 1987;16:606-9

**Ro 13-6298**  
Treatment of cutaneous T-cell lymphoma with the arabinoid Ro 13-6298 (Tousignant et al). 1987;16:167-71

**Rosacea**  
Extrafacial rosacea is rare but does exist (Ayres) (Letter). 1987;16:391-2

**Rower's rump**  
Rower's rump (Tomecki and Mikesell) (Letter). 1987;16:890-1

**S**

**Safety**  
Safety and efficacy of topical minoxidil in the management of androgenetic alopecia (Rietschel and Duncan). 1987;16:677-84 (Symposium)

**Salicylic acid**  
Antifungal efficacy of a combination of benzoic and salicylic acids in a novel aqueous vanishing cream formulation (Logan et al) (Letter). 1987;16:136-7

**Sarcoidosis**  
Cutaneous sarcoidosis in Caucasians (Veien et al). 1987;16:534-40

**Sarcoma**  
Acquired ichthyosis in a patient with acquired immunodeficiency syndrome and Kaposi's sarcoma (Young and Steinman) (Letter). 1987;16:395-6

The incidence of second malignancies in subsets of Kaposi's sarcoma (Piette). 1987;16:855-61 (Clinical Rev.)

Kaposi's sarcoma and acquired immunodeficiency syndrome: postmortem findings in twenty-four cases (Lemlich et al). 1987;16:319-25

**Scabies**  
Norwegian scabies in acquired immunodeficiency syndrome: report of a case resulting in death from associated sepsis (Glover et al) (Letter). 1987;16:396-9

**Scanning electron microscopy**  
The infected hairs of tinea capitis due to *Microsporum canis*: demonstration of uniqueness of the hair cuticle by scanning electron microscopy (Shelley et al). 1987;16:354-61

**Scars**  
Dermatofibroma occurring in a smallpox vaccination scar (Hendricks) (Letter). 1987;16:146-7

Granuloma formation in herpes zoster scars (Fischer and Jaworski) (Letter). 1987;16:1261-3

Treatment of depressed cutaneous scars with gelatin matrix implant: a multicenter study. 1987;16:1155-62

**Scleredema**  
Paraproteinemia in patients with scleredema: clinical findings and serum effects on skin fibroblasts in vitro (Ohta et al). 1987;16:96-107

**Scleromyxedema**  
Paraproteinemia in patients with scleredema: clinical findings and serum effects on skin fibroblasts in vitro (Ohta et al). 1987;16:96-107

**Screening**  
Melanoma/skin cancer screening in Michigan (Field). 1987;16:578-83

Melanoma/skin cancer screening program in a private office setting (Fixler) (Letter). 1987;16:634-5

Skin cancer screening—a local experience (Olsen et al). 1987;16:637-42 (Special article)

**Seborrheic keratoses**  
Melanosome macrocomplex: an ultrastructural component of patterned and nonpatterned seborrheic keratoses (Shelley et al). 1987;16:124-8

**Sensitizers**  
Benzocaine and bacitracin as sensitizers (Leyden) (Letter); (Fisher and Admas) (Letter reply). 1987;16:1055

**Sepsis**  
Cutaneous manifestations of *Corynebacterium* group JK sepsis (Jerdan et al). 1987;16:444-7

*Fusarium* as a pathogen: a case report of *Fusarium* sepsis and review of the literature (Veglia and Marks). 1987;16:260-3

Norwegian scabies in acquired immunodeficiency syndrome: report of a case resulting in death from associated sepsis (Glover et al) (Letter). 1987;16:396-9

**Shaft**  
Structural abnormalities of the hair shaft (Whiting). 1987;16:1-25 (CME article)

**Shave excision**  
Use of curette and shave excision in office practice (Cott et al). 1987;16:1243-51 (Derm. surg.)

**Shock syndrome**  
Toxic shock syndrome as a complication of dermatologic surgery (Huntley and Tanabe). 1987;16:227-9

**Sign**  
A case of Leser-Trélat sign (Holdiness) (Letter). 1987;16:147-8  
Who is Nikolsky and what does his sign mean? (Doubleday) (Letter). 1987;16:1054-5

**Silver nitrate**  
Argyria: the intradermal "photograph," a manifestation of passive photosensitivity (Shelley et al). 1987;16:211-7

**Skin cancer screening**  
Melanoma/skin cancer screening program in a private office setting (Fixler) (Letter). 1987;16:634-5

Skin cancer screening—a local experience (Olsen et al). 1987;16:637-42 (Special article)

**Skin tags**  
Skin tags and colonic polyps (Alcalay) (Letter); (Arnold) (Letter); (Lubach and Banik) (Letter); (Beitler) (Letter reply). 1987;16:402-3

Skin tags and colonic polyps—a gastroenterologist's perspective (Chobanian). 1987;16:407-9 (Editorial)

**Smallpox**  
Dermatofibroma occurring in a smallpox vaccination scar (Hendricks) (Letter). 1987;16:146-7  
"A ring around the rosie" (the rash that was) (Glickman). 1987;16:1282-8 (Commentary)

**Sneddon's syndrome**  
Sneddon's syndrome (Deffer et al). 1987;16:1084-7

**Special article**  
Special article. 1987;16:1061-7

**Specialty training**  
Essentials for specialty and subspecialty training in dermatology. 1987;16:151-60 (Special article)

**Spider**  
Free spider identification (Anderson) (Letter). 1987;16:630

**Spider angioma**  
Solitary giant spider angioma with an overlying pyogenic granuloma (Okada) (Letter). 1987;16:1053-4

**Squamous cell carcinoma**  
Metastatic squamous cell carcinoma in linear porokeratosis of Mibelli (Lozinski et al). 1987;16:448-51

**Squaric acid dibutylester**  
Squaric acid dibutylester in alopecia areata: is discomfort really necessary? (Orecchia and Rabbiosi) (Letter). 1987;16:876

**Staining**  
Linear immunofluorescence staining of the cutaneous basement membrane zone produced by pemphigoid antibodies: the result of hemidesmosome staining (Mutazim et al). 1987;16:75-82

Quantification of cutaneous mast cells using morphometric point counting and a conjugated avidin stain (Kasper and Tharp). 1987;16:326-31

**Staphylococcus aureus**  
Toxic shock syndrome as a complication of dermatologic surgery (Huntley and Tanabe). 1987;16:227-9

**Steroid**  
Marked fall in high-density lipoprotein following isotretinoin therapy: report of a case in a weight lifter on anabolic steroids (Hoag et al) (Letter). 1987;16:1264-5

Superpotent topical steroid treatment of psoriasis vulgaris—clinical efficacy and adrenal function (Katz et al). 1987;16:804-11

**Stings**  
Meat tenderizer in the acute treatment of imported fire ant stings (Ross et al). 1987;16:1189-92

**Structural abnormalities**  
Structural abnormalities of the hair shaft (Whiting). 1987;16:1-25 (CME article)

**Subungual disease**  
Subungual basal cell carcinoma presenting as longitudinal melanonychia (Rudolph). 1987;16:229-33

**Sulfone**  
Sulfone therapy in the treatment of leukocytoclastic vasculitis (Fredenberg and Malkinson). 1987;16:772-8

**Sunlight**  
Urticaria pigmentosa and sunlight (Roupe) (Letter). 1987;16:387-8

**Surgery**  
Keratoacanthomas treated with Mohs' micrographic surgery (chemosurgery) (Larson). 1987;16:1040-4 (Derm. surg.)

Toxic shock syndrome as a complication of dermatologic surgery (Huntley and Tanabe). 1987;16:227-9

**Sweat**

Efficacy of the Drionic unit in the treatment of hyperhidrosis (Akins et al.). 1987;16:828-32

**Sweet's syndrome**

Postpolycythemia myeloid metaplasia, Sweet's syndrome, and acute myeloid leukemia (Horan et al.). 1987;16:458-62

**Sympathetic dystrophy**

Reflex sympathetic dystrophy following nail biopsy (Ingram et al.). 1987;16:253-6

**Symposium**

Rogaine (topical minoxidil, 2%) in the management of male pattern baldness and alopecia areata. 1987;16:647-70

**Syringoma**

Syringoma presenting as milia (Friedman and Butler). 1987;16:310-4

**Systemic lupus erythematosus; see Lupus erythematosus**

**T**

**Tags; see Skin tags**

**Tan accelerators**

Efficacy of tan accelerators (Jaworsky et al.). 1987;16:769-71

**T-cell lymphoma**

Treatment of cutaneous T-cell lymphoma with the arabinoside Ro 13-6298 (Tousignant et al.). 1987;16:167-71

**Telangiectasia**

Unilateral facial telangiectasia macularis eruptiva perstans (Fried and Lynfield). 1987;16:250-2

**Telogen effluvium; see also Alopecia**

A falling out following minoxidil: telogen effluvium (Bamford) (Letter); (Olsen) (Letter reply). 1987;16:144-5

Structural abnormalities of the hair shaft (Whiting). 1987;16:1-25 (CME article)

**Testing**

PA Patch—a new patch testing device (Marks et al.). 1987;16:961-3

**Tetracycline**

Bullous pemphigoid controlled by tetracycline (Thornfeldt and Menkes). 1987;16:305-10

**Therapy**

Therapy. 1987;16:591-9; 845-54; 1219-25

**Thick skin**

Pathologic features of diabetic thick skin (Hanna et al.). 1987;16:546-53

**Thigh**

Hyperkeratoses of forearms and thighs associated with chronic lung disease (Kaufman and Kaufman) (Letter). 1987;16:889-90

**Thrombosis**

Thrombotic phenomena associated with intravenous cocaine (Heng and Haberfeld). 1987;16:462-8

**Thymoma**

Concurrent features of cutaneous lupus erythematosus and pemphigus erythematosus following myasthenia gravis and thymoma (Cruz et al.). 1987;16:473-80

**Tinea capitis**

The infected hairs of tinea capitis due to *Microsporum canis*: demonstration of uniqueness of the hair cuticle by scanning electron microscopy (Shelley et al.). 1987;16:354-61

**Tinea pedis**

Tinea pedis caused by *Hendersonula toruloidea* (Greer and Gutierrez). 1987;16:1111-5

Topical treatment for moccasin-type tinea pedis (Greer). 1987;16:554-8

**Topical therapy**

Superpotent topical steroid treatment of psoriasis vulgaris—clinical efficacy and adrenal function (Katz et al.). 1987;16:804-11

Topical erythromycin preparations (Fisher) (Letter). 1987;16:620

Topical treatment for moccasin-type tinea pedis (Greer). 1987;16:554-8

**Total body electron beam irradiation**

Combined total body electron beam irradiation and chemotherapy for mycosis fungoidea (Braverman et al.). 1987;16:45-60

Electron microscopic and immunolabeling studies of the lesional and normal skin of patients with mycosis fungoidea treated by total body electron beam irradiation (Braverman et al.). 1987;16:61-74

**Toxic epidermal necrolysis**

Toxic epidermal necrolysis: an approach to management using cryopreserved allograft skin (Birchall et al.). 1987;16:368-72

**Toxic oil syndrome**

Cutaneous mucinosis in the toxic oil syndrome (Fonseca and Contreras) (Letter). 1987;16:139-40

**Toxic shock syndrome**

Toxic shock syndrome as a complication of dermatologic surgery (Huntley and Tanabe). 1987;16:227-9

**Training**

Basic science conferences in residency training: a national survey (Cruz et al.). 1987;16:413-9 (Special article)

On bringing up academic dermatologists (Weigand). 1987;16:129 (Editorial)

Essentials for specialty and subspecialty training in dermatology. 1987;16:151-60 (Special article)

Radiation therapy in dermatologic training centers (Polano) (Letter). 1987;16:1267-8

**Transplant**

Use of topical minoxidil as a possible adjunct to hair transplant surgery (Kassimir). 1987;16:685-7 (Symposium)

**Triangular alopecia**

Congenital triangular alopecia (Tosti). 1987;16:991-3

**Trichodiscomas**

Fibrofolliculomas, trichodiscomas, and acrochordons: the Birt-Hogg-Dubé syndrome (Ubogu-Rainey et al.). 1987;16:452-7

**Trichophyton**

Ecology of dermatophyte infections in South Bronx, New York, 1969-1981 (McLean et al.). 1987;16:336-40

**Trichorrhexis nodosa**

Structural abnormalities of the hair shaft (Whiting). 1987;16:1-25 (CME article)

**Trichothiodystrophy**

PIB(D)S syndrome-trichothiodystrophy with xeroderma pigmentosum (group D) mutation (Rebora and Crovato). 1987;16:940-7

**Tumors**

Dermatologic therapy: December 1985 to December 1986 (Coskey). 1987;16:1219-25 (Therapy)

Expression of human lymphocyte antigen (HLA)-DR on tumor cells in basal cell carcinoma (Kohchiyama et al.). 1987;16:833-8

Skin tumors in the European PUVA Study: eight-year follow-up of 1,643 patients treated with PUVA for psoriasis (Henseler et al). 1987;16:108-16

#### Twisting of hair shaft

Structural abnormalities of the hair shaft (Whiting). 1987;16:1-25  
(CME article)

#### U

#### Ulcers

The pathogenesis of venous ulcers (Lotti et al) (Letter); (Falanga and Eaglstein) (Letter reply). 1987;16:877-8

#### Ultrastructure

Cutaneous ultrastructural changes and photosensitivity associated with amiodarone therapy (Waitzke et al). 1987;16:779-87  
Melanosome macrocomplex: an ultrastructural component of patterned and nonpatterned seborrheic keratoses (Shelley et al). 1987;16:124-8

#### Ultraviolet light

Antinuclear antibodies during psoralens plus ultraviolet A (PUVA) therapy—are they worthwhile? (Picascia et al). 1987;16:574-7

Comparative efficacy of two dosage forms of oral methoxsalen in psoralens plus ultraviolet A therapy of psoriasis (Lowe et al). 1987;16:994-8

Comparison of methods for assessing photoprotection against ultraviolet A in vivo (Kaidbey and Gange). 1987;16:346-53

Effect of ultraviolet light on topical minoxidil-induced hair growth in advanced male pattern baldness (Pestana et al). 1987;16:971-6

The enhanced monocyte and neutrophil chemotaxis in psoriasis is normalized after treatment with psoralens plus ultraviolet A and anthralin (Ternowitz). 1987;16:1169-75

Urticaria pigmentosa and sunlight (Roupe) (Letter). 1987;16:387-8

#### Urticaria

Controlled clinical assessment of astemizole in the treatment of chronic idiopathic urticaria and angioedema (Kailasam and Mathews). 1987;16:797-804

Extracellular deposition of eosinophil granule major basic protein in pressure urticaria (Peters et al). 1987;16:513-7

Urticaria pigmentosa and sunlight (Roupe) (Letter). 1987;16:387-8

#### V

#### Vaccination

Dermatofibroma occurring in a smallpox vaccination scar (Hendricks) (Letter). 1987;16:146-7

#### Vanishing cream

Antifungal efficacy of a combination of benzoic and salicylic acids in a novel aqueous vanishing cream formulation (Logan et al) (Letter). 1987;16:136-7

#### Vascular lesions

Congenital pigmented and vascular lesions in newborn infants (Osburn et al). 1987;16:788-92

Sulfone therapy in the treatment of leukocytoclastic vasculitis (Friedenberg and Malkinson). 1987;16:772-8

#### Venous ulcers

The pathogenesis of venous ulcers (Lotti et al) (Letter); (Falanga and Eaglstein) (Letter reply). 1987;16:877-8

#### Vesicles

Purpuric papules and vesicles of the palms in dermatitis herpetiformis (Pierce et al) (Letter). 1987;16:1274-6

#### Virus

Complex viral and fungal skin lesions of patients with acquired immunodeficiency syndrome (Gretzula and Penneys). 1987;16:1151-4

Dermatologic therapy: December 1985 to December 1986 (Coskey). 1987;16:1219-25 (Therapy)

#### Vitamin A

Hypervitaminosis A syndrome: a paradigm of retinoid side effects (Silverman et al). 1987;16:1027-39 (Adverse reactions)

#### Vitamin K<sub>1</sub>

Cutaneous hypersensitivity to vitamin K<sub>1</sub> injection (Finkelstein et al). 1987;16:540-5

#### Vitiligo

Childhood vitiligo (Halder et al). 1987;16:948-54

#### W

#### Warts

Alternative therapy in warts (Cryan) (Letter). 1987;16:1261  
Condylomata acuminata (genital warts): an epidemiologic view (Chuang). 1987;16:376-84 (Clin. rev.)

#### Water

Hard water and skin irritation (Osborne) (Letter). 1987;16:1263-4

#### Watson-Alagille syndrome

Xanthomas in the Watson-Alagille syndrome (Weston and Burton). 1987;16:1117-21

#### Weathering of hair

Structural abnormalities of the hair shaft (Whiting). 1987;16:1-25  
(CME article)

#### Whipple's disease

Subcutaneous Whipple's disease (Kwee et al). 1987;16:188-90

#### X

#### Xanthogranulomatosis

Xanthogranulomatosis in an adult: lipid analysis of xanthomas and plasma (Garvey et al). 1987;16:183-7

#### Xanthoma striatum palmarum associated with multiple myeloma (Friedman and Martin) (Letter). 1987;16:1272-4

Xanthomas in the Watson-Alagille syndrome (Weston and Burton). 1987;16:1117-21

#### Xeroderma pigmentosum

PIB(D)S syndrome-trichothiodystrophy with xeroderma pigmentosum (group D) mutation (Rebora and Crovato). 1987;16:940-7

#### Z

#### Zinc deficiency

Zinc deficiency in two full-term breast-fed infants (Roberts et al). 1987;16:301-4
